The YW50 was Yamaha's replacement for the CW50, and this scooter was introduced for 2002. This model is commonly referred to as the bug eye Zuma, although third generation also shares these lights. This second generation Zuma became extremely popular - even moreso than the CW50 - and is supported by a vibrant online community of enthusiasts.

For example, the letter designation for the year 2002 for the Zuma was the letter P, so a Zuma manufactured in 2002 would have the designation YW50P. However, Yamaha made some changes to the model during its year run, so some Zumas manufactured in 2002 have the model code YW50AP to distinguish them from the YW50P model.
