The constitutional foundation of English (and perhaps world) freedoms

In this acclaimed novel by the author of the award-winning, bestselling *The Thing About Jellyfish*, being the new kid at school isn't easy, especially when you have to follow in the footsteps of a legendary classroom prankster. When Caitlyn Breen begins her disorienting new life at Mitchell School--where the students take care of real live goats and study long-dead philosophers, and where there are only ten other students in the entire seventh grade--it seems like nobody can stop talking about some kid named Paulie Fink. Depending on whom you ask, Paulie was either a hilarious class clown, a relentless troublemaker, a hapless klutz, or an evil genius. One thing's for sure, though: The kid was totally legendary. Now he's disappeared, and Caitlyn finds herself leading a reality-show-style competition to find the school's next great Paulie Fink. With each challenge, Caitlyn struggles to understand a person she never met...but it's what she discovers about herself that most surprises her. Told in multiple voices, interviews, and documents, this funny, thought-provoking novel from the bestselling author of *The Thing About Jellyfish* is a memorable exploration of what makes a hero--and if anyone, or anything, is truly what it seems.
