Business Plan Definition - Investopedia

A business plan is only a document on paper without a real path to get the work done, complete with a schedule, defined roles, and key responsibilities. While the milestones and metrics section of your business plan may not be long, it's critical that you take the time to look forward and schedule the next critical steps for your business. Investors will want to see that you understand what needs to happen to make your plans a reality and that you are working on a realistic schedule.

How to Write a Business Plan [Updated for 2020]

A formal business plan document is an extension of the internal business plan or the Lean Plan. It's mostly a snapshot of the internal plan as it existed at a certain time. But while an internal plan is short on polish and formality, a formal business

A business plan is a formal written document containing business goals, the methods on how these goals can be attained, and the time frame within which these goals need to be achieved.

Business plan - Wikipedia

Creating a business plan will provide you and your stakeholders or funders with operational and financial details of how you will make your idea a reality. It is often an essential tool for securing funding. Your business plan should cover the problem that your idea will address, how you intend to do this and what makes you well placed to do it.

president of the Ewing Marion Kaufmann Foundation and cofounder of Global Entrepreneurship Week and StartUp America, this thoughtful study of how businesses really start, grow, and prosper...dispels quite a few business myths along the way (Publishers Weekly). Carl Schramm, the man described by The Economist as "The Evangelist of Entrepreneurship," has written a myth-busting guide packed with tools and techniques to help you get your big idea off the ground. Schramm believes that entrepreneurship has been misrepresented by the media, business books, university programs, and MBA courses. For example, despite the emphasis on the business plan in most business schools, some of the most successful companies in history—Apple, Microsoft, Google, Facebook, and hundreds of others—achieved success

before they ever had a business plan. Burn the Business Plan punctures the myth of the cool, tech-savvy twenty-something entrepreneur with nothing to lose and venture capital to burn. In fact most people who start businesses are juggling careers and mortgages just like you. The average entrepreneur is actually thirty-nine years old, and the success rate of entrepreneurs over forty is five times higher than that of those under age thirty. Entrepreneurs who come out of the corporate world often have discovered a need for a product or service and have valuable contacts to help them get started. Filled with stories of successful entrepreneurs who drew on real-life experience rather than academic coursework, Burn the Business Plan is the guide to starting and running a business that will actually work for the rest of us.
