A Dictionary of Basic Japanese Grammar conveniently summarizes introductory grammar knowledge into dictionary format. Student acquires a knowledge of basic grammar in more than provided by textbook descriptions, learning the difference between similar grammatical representations, and a review of basic grammar.

*A Dictionary of Basic Japanese Grammar | Seiichi Makino ...*

Another good book by the same author, Naoko Chino, is A Dictionary of Basic Japanese Sentence Patterns (Kodansha Dictionary) which is worth a look. I should mention two general points about studying particles in Japanese. 1) Remember to not get too bogged down with particles.

Grammatical terms - Characteristics of Japanese grammar - Basic conjugations - Verbs - Connection forms of important expressions - Numerals and counters - Compound words.

Contains fifty basic Japanese sentence patterns and sixty-nine variations, each defined in Japanese, romanization, and English, and each used in both polite and informal examples. Includes fifty of the most common basic patterns, sixty-nine variations of the basic patterns, formulas delineating basic pattern structure, definitions of the terms used and much more, make this a comprehensive and informative guide that will improve your Japanese.

Dictionary of Intermediate Japanese Grammar arranged in dictionary format and accompanied by rich example sentences that will help students of this book be able to acquire the necessary knowledge to master intermediate Japanese

Basic Japanese: A Grammar and Workbook comprises an accessible reference grammar and related exercises in a single volume. This book presents 25 individual grammar points, covering the core material which students would expect to encounter in their first year of learning Japanese. Divided into two parts, the first part outlines fundamental components of Japanese including the writing system, pronunciation, word order, particles and conjugation patterns, while the second part builds on this foundation by introducing basic grammatical patterns organised by the task they achieve. Grammar points are followed by contextualised examples and exercises which allow students to reinforce and consolidate their learning. Key features include: clear, accessible format many useful language examples transliteration of all examples jargon-free explanations of grammar abundant exercises with full answer key subject index. Basic Japanese is suitable both for class use and independent study making it an ideal grammar reference and practice resource for both beginners and students with some knowledge of the language.

Japanese-English dictionary is designed for use by beginning students of the Japanese language. An introduction to Japanese grammar is included.

For English-speaking students of Japanese, particles are perhaps the most difficult aspect of the language to learn. It would be no exaggeration to say that, for most people, they can never be completely mastered. Thus, the study of particles is a lifetime undertaking, and students need a lifelong companion to help them along the way. That companion is A Dictionary of Japanese Particles. Covering over 100 particles in alphabetical order, the dictionary explains the meanings of each (most have more than one) and gives sample sentences for each meaning. Illustrations are provided where necessary for clarification. There are also exercises at the back of the book for those who wish to test their knowledge of particle usage. Appendices and endpaper charts are provided for easy access. A Dictionary of Japanese Particles is an essential reference work, meant to be used over the years as students continue to confront puzzling particles.

This is a travel sized, concise Japanese to English and English to Japanese dictionary Concise practical and reliable, the Basic Japanese Conversation Dictionary provides the student, tourist and businessman with a useful key to the modern colloquial language. It includes: Over 6,000 of the most commonly used Japanese and English words. Listings of the colloquial forms of Japanese words—the forms you most often encounter in daily conversation. Entries are given in romanized form as well in Japanese script. Includes writing charts for the various Japanese syllabaries.

This volume presents more than 2,000 idiomatic words and expressions spelled phonetically and followed by the Japanese characters and the English translation.

Kodanshas Dictionary of Basic Japanese Idioms is a Kodansha International publication.
