Recounts the 1969 baseball season when the Mets won the World Series, and includes recent interviews with alumni of that team

A fortieth anniversary edition of a classic account of the famous baseball season draws on interviews with such forefront contributors as Tom Seaver, Nolan Ryan, and Jerry Koosman, in a fan's tribute that is complemented by a new introduction and additional photographs. Original.

For the fortieth anniversary of 1969, Rob Kirkpatrick takes a look back at a year when America witnessed many of the biggest landmark achievements, cataclysmic episodes, and generation-defining events in recent history. 1969 was the year that saw Apollo 11 land on the moon, the Cinderella stories of Joe Namath ' s Jets and the " Miracle Mets. " the Harvard student strike and armed standoff at Cornell, the People ' s Park riots, the first artificial heart transplant and first computer network connection, the Manson family murders and cryptic Zodiac Killer letters, the Woodstock music festival, Easy Rider, Kurt Vonnegut ' s Slaughterhouse-Five, the Battle of Hamburger Hill, the birth of punk music, the invasion of Led Zeppelin, the occupation of Alcatraz, death at Altamont Speedway, and much more. It was a year that pushed boundaries on stage (Oh! Calcutta!), screen (Midnight Cowboy), and the printed page (Everything You Always Wanted to Know about Sex), witnessed the genesis of the gay rights movement at Stonewall, and started the era of the " no fault " divorce. Richard Nixon became president, the New Left squared off against the Silent Majority, William Ayers co-founded the Weatherman Organization, and the nationwide Moratorium provided a unifying force in the peace movement. Compelling, timely, and quite simply a blast to read, 1969 chronicles the year through all its ups and downs, in culture and society, sports, music, film, politics, and technology. This is a book for those who survived 1969, or for those who simply want to feel as alive as those who lived through this time of amazing upheaval.

In October 1969, the New York Mets stunned the sports world by defeating the heavily favored Baltimore Orioles in a memorable World Series. Their five-game triumph capped off a true Cinderella season, when the woebegone National League franchise rose from laughingstock to popular champions. The histories of both the Mets and Orioles are traced, along with their paths to the climactic '69 Series. A batter-by-batter recap of all five games gives a box seat view to a storied moment in baseball history.

'I think that it might be a magic genie lamp. I've seen quite a few pictures in these books I've been reading, and they look just like the pot we found!' Elizabeth, lovingly nicknamed BizBeth, and Lucky reunite for some summer fun, they waste no time in getting themselves into a mysterious situation. After they convince their families to let them explore a cave, what they find is more than anyone could have ever imagined! Will they be able to come together and make the best decision possible? Come along with author Jennifer Bean on an exciting journey filled with shocking surprises and unexpected adventures in Lucky and Elizabeth's Magic Summer.

Recounts the 1969 baseball season when the Mets won the World Series, and includes recent interviews with alumni of that team

"The story of the 1969 Miracle Mets, unlikely world champions against the backdrop of the space race and Vietnam, on the 50th anniversary of their Cinderella season In 1962, the New York Mets spent their first year in existence racking up the worst record in baseball history. Things scarcely got any better for the ensuing six years—they were baseball's laughingstock, but somehow lovable in their ineptitude, building a fiercely loyal fan base. And then came 1969, a year that brought the lunar landing, Woodstock, nonstop antiwar protests, and the most tumultuous and fractious New York City mayoral race in memory—along with the most improbable season in the annals of Major League Baseball. It concluded on an invigorating autumn afternoon in Queens, when a Minnesota farm boy named Jerry Koosman beat the Baltimore Orioles for the second time in five games, making the Mets champions of the baseball world. It wasn't merely an upset but an unprecedented, uplifting achievement for the ages. From the ashes of those early scorched-earth seasons, Gil Hodges, a beloved former Brooklyn Dodger, put together a 25-man whole that was vastly more formidable than the sum of its parts. Beyond the top-notch pitching staff headlined by Tom Seaver, Koosman, and Gary Gentry, and the hitting prowess of Cleon Jones, the Mets were mostly comprised of untested kids and lightly regarded veterans. Everywhere you looked on this team, there was a man with a compelling backstory: from Koosman, who never played high school baseball and grew up throwing in a hayloft in subzero temperatures with his brother Orville, to third baseman Ed Charles, an African-American poet with a deep racial conscience whose arrival in the big leagues was delayed almost a decade because of the color of his skin. In the tradition of The Boys of Winter, his classic bestseller about the 1980 U.S. men's Olympic hockey team, Wayne Coffey tells the story of the '69 Mets as it has never been told before—against the backdrop of the space race, Stonewall, and Vietnam, set in an ever-changing New York City. With dogged reporting and a storyteller's eye for detail, Coffey finds the beating heart of a baseball family. Published to commemorate the 50th anniversary of the Mets' remarkable transformation from worst to best, They Said It Couldn't Be Done is a spellbinding, feel-good narrative about an improbable triumph by the ultimate underdog"--

Recounts the 1969 baseball season when the Mets won the World Series, and includes recent interviews with alumni of that team

Matt Harvey is getting healthy. The young pitching staff looks ready from prime time. Even Mr. Met is holding his head a little higher these days. This eBook Gift Set is the just the thing every Mets fan needs. Each book highlights only the best of the Mets throughout baseball history. This set includes Amazing Mets Trivia, Mets Fan's Little Book of Wisdom, and Best Mets. From trivia to tips and best-kept secrets, these books are fast paced and exciting (even when the team wasn't).

Interest and attendance were dropping, and football was ascending. Stuck in a rut, baseball was dying. Then Steinbrenner bought the Yankees, a second-division club with wife-swapping pitchers, leaving the House That Ruth Built not with a slam but a sipper. He vowed not to interfere—before soon changing his mind. Across town, Tom Seaver led the Mets ' stellar pitching line-up, and iconic outfielder Willie Mays was preparing to say goodbye. For months, the Mets, under Yogi Berra, couldn ' t get it right. Meanwhile, the A ' s were breaking a ban on facial hair while maverick owner Charlie Finley was fighting to keep them underpaid. But beneath the muttonchops and mayhem, lay another world. Elvis commanded a larger audience than the Apollo landings. A Dodge Dart cost \$2,800, gas was a quarter per gallon. A fiscal crisis loomed. Vietnam had ended, the vice president resigned, and Watergate had taken over. It was one of the most exciting years in the game ' s history, the first with the designated hitter and the last before arbitration and free agency. The two World Series opponents went head-to-head above the baby steps of a dynasty that soon dwarfed both league champions. It was a turbulent time for the country and the game, neither of which would ever be the same again.
