The hugely successful American Civilization provides students of American Studies with the perfect background and introductory information on contemporary American life, examining the central dimensions of American society from geography and the environment, government and politics, to religion, education, sports, media and the arts.

This revised and updated edition of the hugely successful American Civilization provides students of American studies with the perfect background and introductory information on contemporary American life. This sixth edition examines the central dimensions of American society from geography and the environment, government and politics, to religion, education, sports, media and the arts. This book: covers all core American studies topics at introductory level. contains essential historical background for American studies students in the twenty-first century analyzes issues of gender, class, race, and minorities in America ' s cosmopolitan population. contains color photos, case studies, questions and terms for discussion, bibliographical references and lists of websites central to each chapter. accompanied by a fully integrated companion website featuring extensive references for further reading, links to key primary sources, filmographies and advice for students on how to approach essay questions. Featuring new color illustrations and case studies, this edition includes expanded sections on the environment, immigration, foreign policy, media and the arts, sport and leisure cultures as well as a new section on the LGBT community and detailed coverage of the 2012 election and shifting economic situation.

The eighth edition of the hugely successful American Civilization offers students the perfect background and introductory information on contemporary American life, examining the central dimensions of American society from geography and the environment to government and politics, religion, education, sports, media and the arts. Fully and comprehensively updated throughout with regard to events, processes, attitudes and major figures in society, culture and politics in the United States, this new edition brings the book up to date through: coverage of recent events including the 2020 US election and 2021 presidential inauguration; revised chapters on geography, women and minorities, and the media that incorporate more information on such themes as environmental legislation, the LGBTQ+ community, social media and people, all key themes in the study of American culture and society; the introduction of "topical studies" that connect small case studies to apposite illustrations to highlight key subjects within the field; and the inclusion of more discussion questions that require analysis and the use of evidence to substantiate argumentation to enable students to develop their own essay responses to typical questions that they may be asked. Supported by exercises and suggestions for further reading at the end of each chapter, a substantial chronology that covers key events in the history of the United States and a fully integrated companion website (www.routledge.com/cw/mauk), the textbook remains an essential introduction to American civilization, culture and society for American Studies students.

This introduction to contemporary American life examines the key institutions of American society, including state and local government, geography, education, law, media and culture, with the emphasis placed on the people of America.

British Civilization: A Student's Dictionary is an invaluable reference guide to the British way of life. It explains the often puzzling and confusing terms and phrases used routinely in Britain and by British people. This easy-reference alphabetical guide sheds light on a comprehensive selection of words, phrases, organizations and institutions. All these are fundamental features of British civilization and society, and include aspects of: * politics and government * the Law, economics and industry * education * the media * religion and social welfare * health and housing * leisure and transport.

Reviews of the previous editions: ' John Oakland is the doyen of civilization studies. ' British Studies Now ' This is a first rate, lucidly written text. ' G.E.C. Paton, Aston University ' Suitable above all because it covers so many areas of contemporary institutions ... a useful reference work. ' Patrick Leech, University of Bologna ' Strikes a balance between providing up-to-date information and being a source of general reference. ' Anne K. Bjørge, Norwegian School of Economics and Business Administration ' An excellent presentation of the British economic and political/institutional system. ' J. Condiou, Université de Provence ' A perfect tool and source for class activities. ' Borek Sousedik, Tobos ELTR, Czech Republic The seventh edition of this highly-praised textbook has been substantially updated and revised to provide students of British studies with the perfect introduction to Britain, its country and people, politics and government, education, economy, media, arts and religion. It includes: discussion of recent developments and areas of topical interest in British society such as immigration, the recession, devolution and Britain ' s relationships with the US and the EU, and coverage of the 2010 election new full colour illustrations exercises and questions to stimulate class discussion insights into the attitudes of British people today towards important issues updated suggestions for further reading and useful websites a fully updated companion website featuring further exercises, links to relevant articles and videos online, and quiz questions. British Civilization is a vital introduction to the crucial and complex identities of Britain. For supplementary exercises, questions and tutor guidance, go to www.routledge.com/textbooks/oakland

This new edition of Brogan's superb one-volume history - from early British colonisation to the Reagan years - captures an array of dynamic personalities and events. In a broad sweep of America's triumphant progress. Brogan explores the period leading to Independence from both the American and the British points of view, touching on permanent features of 'the American character' - both the good and the bad. He provides a masterly synthesis of all the latest research illustrating America's rapid growth from humble beginnings to global dominance.

"Edition history: Blackwell Publishing Ltd (1e, 2001)."

Explores the vital role of women in the creation of Norwegian American communities--from farm to factory and as caregivers, educators, and writers.

A New Introduction to American Studies provides a coherent portrait of American history, literature, politics, culture and society, and also deals with some of the central themes and preoccupations of American life. It will provoke students into thinking about what it actually means to study a culture. Ideals such as the commitment to liberty, equality and material progress are fully examined and new light is shed on the sometimes contradictory ways in which these ideals have informed the nation's history and culture. For introductory undergraduate courses in American Studies, American History and American Literature.

Irish Civilization provides the perfect background and introduction to both the history of Ireland until 1921 and the development of Ireland and Northern Ireland since 1921. This book illustrates how these societies have developed in common but also those elements where there have been, and continue to be, substantial differences. It includes a focus on certain central structural aspects, such as: the physical geography, the people, political and governmental structures, cultural contexts, economic and social institutions, and education and the media. Irish Civilization is a vital introduction to the complex history of Ireland and concludes with a discussion of the present state of the relationship between them. It is an essential resource for students of Irish Studies and general readers alike.
