An original spin-off novel set in the popular *Star Trek: The Next Generation* universe from New York Times bestselling author David Mack. Death slumbers in the ashes of silent planets, waiting to be awakened and unleashed... Twenty years have passed since the interstellar scourge known as the Husnock were exterminated without warning by a being with godlike abilities. Left behind, intact but abandoned, their desolate worlds and derelict ships brim with destructive potential. Now a discovery by a Federation cultural research team has drawn the attention of several ruthless factions. From black market smugglers to alien military forces, it seems every belligerent power in the quadrant hopes to capture the Husnock's lethal technology. All that stands between the galaxy and those who have come to plunder the cruelest secrets of the Husnock are Admiral William Riker, Captain Christine Vale, and the crew of the Starship Titan. ™, ®, & © 2017 CBS Studios, Inc. William Riker, former first officer of the USS *Enterprise* in *Star Trek: The Next Generation*, takes command of the new USS *Titan* in this white-knuckled adventure perfect for longtime and new *Star Trek* fans. After almost a decade of strife against foes such as the Borg, the Cardassians, the Klingons, and the Dominion, the United Federation of Planets is at the dawn of a new era. Starfleet is renewing its mission of peaceful exploration, diplomacy, and the expansion of knowledge. Among the starships spearheading that endeavor is the USS *Titan*, commanded by Captain William T. Riker and manned by the most biologically varied and culturally diverse crew in Starfleet history. But their mission does not begin according to plan. In the wake of *Star Trek: Nemesis*, Praetor Shinzon, slayer of the Romulan Senate, is dead. The power vacuum created by his demise has put the Romulan Star Empire, longtime adversary of the Federation, at the brink of civil war. Competing factions now vie for control of their fragmenting civilization, and if the empire should fall, that entire area of the galaxy may destabilize. To restore order to the region, *Titan*'s long-anticipated mission of exploration is delayed as Starfleet assigns Riker to set up power-sharing talks among the Romulan factions. But even as the first tentative steps are taken toward building a new Romulus, the remnants of the Tal Shiar, the dreaded Romulan intelligence service, are regrouping behind the scenes for a power play of their own. With no other help available, Riker and the *Titan* crew become the last hope to prevent the quadrant from falling into chaos.

"A marvelously full-flavored, engrossing book, which towers over its current rivals in the genre like a three-decker over a ship's longboat." —Times Literary Supplement Captain Jack Aubrey, R. N., arrives in the Dutch East Indies to find himself appointed to the command of the fastest and best-armed frigate in the Navy. He and his friend Stephen Maturin take passage for England in a dispatch vessel. But the War of 1812 breaks out while they are en route. Bloody actions precipitate them both into new and unexpected scenes where Stephen's past activities as a secret agent return on him with a vengeance.

Dante Maxima Seven -- a world known to its inhabitants as Imprima. A world where Madragi -- huge social/economic entities wealthy beyond compare -- control the fate of millions.. Years ago, William Riker was part of the Starfleet delegation that opened Imprima to the Federation. Now the disappearance of an old friend -- Teller Conlon, who also served on that team -- draws Riker and the Enterprise™ across the galaxy, back to Imprima. Because the jewel known as Fortune's Light -- one of Madraga Criathis's most priceless possessions -- has been stolen. And Teller Conlon stands accused of its theft. Now Riker must discover the truth behind the disappearance of both his friend and Fortune's Light, no easy task on a world where treachery and intrigue are commonplace...and where even an old friend's embrace may conceal the deadly bite of a dagger's blade.

Immediately following Britain's declaration of war in 1939, Dion Fortune began a series of regular letters to members of her magical order, the Fraternity of the Inner Light, who were unable to hold meetings due to wartime travel restrictions. With enemy planes rumbling overhead, she organised a series of visualisations to formulate "seed ideas in the group mind of the race", archetypal visions to invoke angelic protection and uphold British morale under fire. "The war has to be fought and won on the physical plane," she wrote, "before physical manifestation can be given to the archetypal ideals. What was sown will grow and bear seed." As the war developed, this was consolidated with further work for the renewal of national and international accord. For the first time the Fraternity's doors were opened to anyone who wanted to join in and learn the previously secret methods of esoteric mind-working. With unswerving optimism she guided her fraternity through the dark days of the London Blitz, continuing her weekly letters even when the bombs came through her own roof. Introduction and commentary by Gareth Knight.

In the wake of political upheaval across the United Federation of Planets, Admiral William Riker and the crew of the U.S.S. Titan find themselves in uncertain waters as roles aboard the ship change to reflect a new mandate and a new mission. On orders from Starfleet, Titan sets out toward the edge of Federation space to tackle its latest assignment: to work with an alien species known as the Dinac, who are taking their first steps into the galaxy at large as a newly warp-capable civilization. But when disaster befalls the Dinac, the Titan crew discovers they have unknowingly drawn the attention of a deadly, merciless enemy-a nightmare from Riker's past lurking in the darkness. Friendships will be tested to the limit as familiar faces and new allies must risk everything in a fight against an unstoppable invader-or a horrific threat will be unleashed on the galaxy!
