“ Hilariously details the inner workings of the cable news network. ” —The Daily Beast After college, Joe Muto—a self-professed bleeding-heart, godless liberal—took an entry-level position at Fox News. Joe kept quiet about his political views and initially enjoyed the newsroom camaraderie. But after he began working for Bill O ’ Reilly—Fox ’ s number one talking head—Joe just couldn ’ t take it anymore. Collects the prayers and observations of Navy Chaplain Patrick McLaughlin from emails, private notes, and personal conversations, offering insight into the resilience of faith among soldiers and civilians in Iraq during the U.S. occupation.

From the battlefields of the American Civil War through World Wars I and II, from Korea and Vietnam to the front lines in Iraq and Afghanistan, soldiers of all faiths have struggled for understanding and called on a higher power when faced with the realities of combat. *God in the Foxhole* is a stunning collection of true personal accounts from generations of American soldiers whose faith, in the words of author Charles W. Sasser, "has been born, reborn, tested, sustained, verified, or transformed under fire." A renowned master of combat journalism and a former Green Beret, Sasser has gathered an immensely moving collection of war stories like no other -- stories of spirituality, conversion, and miracles from the battlefield. Be they Christian, Jewish, Muslim, or atheist, churched since childhood or touched by the divine for the first time, here are the riveting experiences of army privates, bomber pilots, navy lieutenants, marines, prisoners of war, medics, nurses, chaplains, and others who, under desperate circumstances and with every reason to fear for their lives, found unknown strength, courage, and heroism through their remarkable faith. These inspiring accounts transcend the explainable to become stunning portraits of survival and belief: the angelic vision that brought inner peace to an exhausted helicopter door gunner in Vietnam...the makeshift full-immersion baptisms of eleven soldiers on Palm Sunday in Iraq, 2004...two enemies -- a Nazi priest and an American G.I. -- who served Communion Mass in a Belgian sanctuary in 1944...the prescient letter from a Civil War army major to his beloved wife, one week before his death at Bull Run...the 21st-century toddler with a jaw-dropping spiritual

[B]elongs in every thinker's (or freethinker's) reference library. -Free Inquiry[F]ills a void in the reference literature of religion by focusing on atheism, skepticism, and humanism....the work should be purchased by libraries serving seminaries and other religious institutions and by academic libraries that support programs in religion or philosophy. -American Reference Books Annual[A]n indispensable research tool for all nonbelievers and scholars in the field of religion.... displays an impressive grasp of the field. -Michael Martin, Professor of Philosophy Emeritus, Boston UniversityIn the tradition of Voltaire's Philosophical Dictionary, Ambrose Bierce's Devil's Dictionary, and Joseph McCabe's Rationalist Encyclopedia, this accessible dictionary addresses the contemporary need for a reference book that succinctly summarizes the key concepts, current terminology, and major contributions of influential thinkers broadly associated with atheism, skepticism, and humanism. In the preface, author Bill Cooke notes that his work is intended for freethinkers in the broadest sense of the word: people who like to think for themselves and not according to the preplanned routes set by others. This dictionary will serve as a guide for all those people striving to lead fulfilling, morally responsible lives without religious belief. Readers are offered a wide range of concepts, from ancient, well-known notions such as God, free will, and evil to new concepts such as eupraxsophy. Also included are current buzzwords that have some bearing on the freethought worldview such as metrosexual. The names of many people whose lives or work reflect freethought principles form a major portion of the entries. Finally, a humanist calendar is included, on which events of interest to freethinkers are noted. This unique, accessible, and highly

"There are no atheists in the foxholes"-William Thomas Cummings There is certainly no atheist in one foxhole because in its freezing mud and snow we find Rabbi Melvin Epstein, United States Army chaplain, shivering in the frigid atmosphere of another Korean sunrise and wondering what the future holds for him. In his new requested assignment to a frontline infantry company he must interact with- among others- the unit's Jewish, Christian, and Buddhist soldiers, a commanding officer who is not in favor of his being there, an army nurse with pretty eyes, a Catholic chaplain to whom he reports, and his favorite of them all- an acerbic, booze-swilling, unreligious, first sergeant. This story follows the rabbi's striving to be accepted, his experiences with the Jewish men, his interplay with the others, a military medal under strange circumstances, his exposures to combat and the subsequent questioning of his faith.
