(eBook) — Lulu GB
Robert M. Drake is a
brilliant writer. This is the
second book of his I
read. The first was Black
Butterfly, his most recent.
This is not his most
recent. As writers, we

Robert M. Drake
grow with this. This is definitely a glimpse of where he was and I love reading the work and watching writers grow into who they are meant to be. Great book.

Chaos is not pretty it is like feeling a hundred things, hearing a hundred voices, and somewhere in

the riot we tend to lose
ourselves and lose
direction in our heads.
This book is the truth, it
is everything we have
been feeling and running
away from for so long.

This book is a collection of memories and experiences Drake lived after the death of one of his brothers. He promised he would write him a few words after he failed to complete the

task while his brother was
alive. This book is
everything... this book is
for all who are breathing
and for all who are no
longer here. This book is
for you.

On the heels of three
internationally bestselling
books of poetry, Robert
M. Drake takes his
readers to a deeper level
of his consciousness with

What are you hiding
behind your smile? If
those empty bottles that
line the walls of your
room could speak, what
tales would they spill? So
much of your truth is
buried beneath the lies
you tell yourself.

There ' s a need to
scream to the moon;
there ' s this urge to go

out into the darkness of
the night to purge. There
are so many stories living
inside your soul, you just
want the opportunity to
tell them. And when you
can ' t find the will to
express what lives within
your heart, these words
will give you peace.
These words will set you
free.

comes an ode for all
women. This is the time
to look into the mirror
and see everything
you ' ve been fighting
for. Yourself, a peace of
mind, and everything
your heart deserves. You
fit inside these words.

The first person who breaks your heart will always teach you the importance of love. 1. People come and go and only a handful of them are willing to stay. So it is best to give them your promises. 2. You have to go through pain every once in a while. That's how it works. Pain is inevitable. Pain is relative. Pain brings people closer

together. So it is best to
give the people you love
your sorrow. They will
make flowers out of
them. Believe it. And3.
Somewhere down the
line a revelation will hit
you like a comet and
when it does you will
think of the first time you
got your heart broken.
And the second and
maybe even the third.
And you will finally

Robert M. Drake
realize the importance of
it all. And you will thank
them for the experiences.
And you will finally bring
down your walls and
learn how to move on.
How to forgive. How to
properly heal. And you
will do all of these
marvelous things but
also, you will never forget
the way they once made
you feel. You will never
forget the slow burn that

brokenness brings. And you will remind yourself of it every now and then... and you will do so to remember the importance of letting go and etc. To remember why you should never search for love in the same place you lost it. Why you should never search for love in the same place where it left you broken. That's the

importance of love. Of
going through it-to have
it and cherish it... but
also, to not fall victim to
the same people and
tragedies that made you
feel even more alone. To
not fall victim to all
things that covered up
the sun. Those lessons
are valuable, therefore, it
is best to learn as much as
you can and love as
much as you're willing to

The heart will ache, the soul will feel weary, and the mind will be weighed down by the things you wish to forget. There will be nights when all you have is yourself and the moon. There will be nights when silence will exist in abundance. And even though you may feel lonely at first. You must

understand that the
solitude is a gift; you
must understand that
even when alone, you are
more than enough.

Chaos is not pretty. It's
like feeling a hundred

And as we depart reality
we find the truth. This
