You can get rolling with Oracle PL/SQL faster than you think -- and when we say "get rolling," we mean actually start solving business problems, not just fooling around.

Beginning PL/SQL: From Novice to Professional is the book can get you there. This is no fancied-up restatement of the "Help": It's a well distilled, surprisingly brief, relentlessly practical introduction to the PL/SQL features developers and DBAs really need to understand in order to write production code.
