Here is a collection of the most salient hard-hitting, no-nonsense quotes that have made Bernie Sanders the beloved leader of our revolution. The longest-serving independent in US congressional history, Sanders currently serves as US senator from Vermont and is in the race for the Democratic Party ' s nomination for president. Hundreds of thousands of people across the country are flocking to Sanders ' s events to hear his wisdom on political corruption, distribution of wealth, international relations, immigration, health-care reform, climate change, education, and equality. Now fans and critics alike can hear what Bernie has to say just by picking up this book. Known for his firm opinions on the economy, health care, and the environment, Bernie Sanders is a self-declared democratic socialist. He has called for free state college and university tuition, spoken out against Wall Street practices, insisted on increasing the minimum wage, and demanded tax reform. He has proposed significant health-care reforms, championed causes for veterans and senior citizens, and urged the government to address climate change in a proactive manner. “ A political revolution, ” his campaign slogan, befits his assertion that the country is in need of an overhaul—economically, socially, and politically. As his grassroots campaign continues to explode, his social media presence flourishes and his events are attended in record-breaking numbers. Feel the Bern!

Meet the essential Bernie Sanders—an authentic and uncompromising champion of the people. Independent United States Senator Bernie Sanders—with a thirty-five-year career in public service, first as Burlington, Vermont ' s mayor, then as Vermont ' s sole representative to Congress, and currently as a United States senator—is now campaigning to become president of the United States. His goal is to build a movement to take back our country from the rich and powerful, and return it to its rightful owners—we, the American people. Sanders ' common sense, populist message is resonating with Democrats, Republicans, independents, as well as ordinary working- and middle-class

Read Book Bernie Sanders In His Own Words 250 Quotes From Americas Political Revolutionary

Americans from all walks of life, including millennials, seniors, veterans, immigrants, environmentalists, union workers, and more. In this short, accessible book, author Jonathan Tasini draws heavily from Sanders' ample public record of speeches, statements, and interviews, and couples his working-class spirit with specific legislation he has championed on a number of core proposals that comprise a broader people's agenda for America, including: A national, single-payer health care system; Free public higher education; Taking on wealth and income inequality; Preserving Social Security; Caring for our veterans; Ensuring civil rights for all; Combatting climate change; Reforming Wall Street, and much more. *The Essential Bernie Sanders and His Vision for America* is a must-read for anyone who shares a vision for a forward-looking, sustainable, and more just United States of America, and is eager to change the course of history.

The New York Times bestseller! When Bernie Sanders began his race for the presidency, it was considered by the political establishment and the media to be a "fringe" campaign, something not to be taken seriously. After all, he was just an Independent senator from a small state with little name recognition. His campaign had no money, no political organization, and it was taking on the entire Democratic Party establishment. By the time Sanders' campaign came to a close, however, it was clear that the pundits had gotten it wrong. Bernie had run one of the most consequential campaigns in the modern history of the country. He had received more than 13 million votes in primaries and caucuses throughout the country, won twenty-two states, and more than 1.4 million people had attended his public meetings. Most important, he showed that the American people were prepared to take on the greed and irresponsibility of corporate America and the 1 percent. In *Our Revolution*, Sanders shares his personal experiences from the campaign trail, recounting the details of his historic primary fight and the people who made it possible. And for the millions looking to continue the political revolution, he outlines a progressive economic, environmental, racial, and social justice agenda that will create jobs, raise wages, protect the environment, and provide health care for all—and ultimately transform our country and our world for the better. For him, the political revolution has just started. The campaign may be over, but the struggle goes on.

BERNIE'S BLUEPRINT FOR 2020. AN INSTANT NATIONAL BESTSELLER. In *Where We Go from Here*, New York Times bestselling author Bernie Sanders reveals the blueprint for his 2020 presidential run by chronicling the day-by-day struggles that he and his progressive colleagues have waged over the last two years in the fight against Donald Trump's reactionary agenda and for a government that works for all, not just wealthy campaign contributors. At home, Sanders has helped lead the fight for Medicare for all, fought for workers desperate for higher wages, and supported immigrants in the DACA program and children affected by gun violence. He has stood with the people of Puerto Rico devastated by Hurricane Maria, as well as veterans, teachers, the incarcerated, the persecuted, and all those who are too often ignored by Washington. Abroad, his voice has been clear that we need a foreign policy that strives for peace—not war—and international cooperation to address the crisis of climate change. The good news is we're making progress. People all across America are standing up to the most dishonest and reactionary president in our history. They're taking on establishment politicians who've turned a blind eye to the concerns of everyday citizens. They're fighting back against the oligarchs of Wall Street, who would happily see our children do worse than their parents so long as the Dow does better. And the general public continually demonstrates that we are more united than the media would allow us to believe, and what we agree on are largely progressive ideals. Maintaining a vibrant democracy has never been easy, and in these dangerous and unprecedented times, it has been more difficult than ever. Bernie Sanders shows, however, that we can repair the

damage Trump has done—and create a nation based on the principles of economic, social, racial, and environmental justice.

Bernie Sanders' s political autobiography, with an updated afterword that brings his story up to the 2020 presidential campaign Explaining where he comes from and how his politics were formed, Senator Bernie Sanders describes in detail how, after cutting his teeth in the Civil Rights movement, he helped build an extraordinary grassroots political campaign in Vermont, making it possible for him to become the first independent elected to the US House of Representatives in forty years. He is now the longest-serving independent in US political history. An extensive afterword by the Nation' s National Affairs correspondent, John Nichols, continues the story with Sanders' s entrance into the Senate, the drama of the 2016 Democratic Primary, his ongoing resistance to Trump, and the thrilling launch of his 2020 bid for the White House. A new foreword by Nina Turner, former president of Our Revolution and co-chair of the Sanders for President campaign, provides a rare glimpse of Bernie as a person. Outsider in the White House is the story of a passionate and principled political life.

Adapted for young readers from "Our Revolution: A Future to Believe In," this inspiring teen guide to engaging with and shaping the world is from political revolutionary and cultural icon Senator Sanders. Illustrations.

An unparalleled and intimate account of Bernie Sanders from one of his most trusted confidants. Bernie Sanders inspires fervent love and, even among his enemies, a measure of grudging respect—yet, curiously, we know little about who the man really is, with Sanders deliberately keeping the focus on his policies. Now, with *The Fighting Soul*, Ari Rabin-Havt takes us where no profiles or televised interviews have been able to go. As a close advisor and deputy campaign manager on Sanders' s most recent—and likely last—presidential campaign, the tireless Rabin-Havt spent more hours between 2017 and 2020 with the Vermont senator than anyone else. Traveling the country for rallies and to support striking workers, the two visited thirty-six states, drove tens of thousands of miles, and ate in countless chain restaurants. One result was a meteoric and galvanizing presidential campaign. Another is *The Fighting Soul*, an unforgettable chronicle of life on the road with Sanders and the first in-depth portrait of this fiercely independent, and famously private, left-wing firebrand. Sanders' s second bid for the presidency began in Rabin-Havt' s apartment in Washington DC in January 2018. From there, Rabin-Havt offers a behind-the-scenes account of Sanders' s run, including his heart attack in Las Vegas, his notorious debate encounter with fellow-progressive Elizabeth Warren, and a momentous conversation between Sanders and Barack Obama that has never been reported before. At every step, Rabin-Havt shows us Bernie Sanders when the cameras turn off: his dry sense of humor; his views of his young supporters; the pivotal role his wife, Jane, plays in every decision he makes; and more. Delving into Sanders' s life and career, with moving glimpses of his childhood in Brooklyn and first forays into politics in Burlington, Rabin-Havt discloses that Sanders is shocked by his ascent: “ Ari, my parents would tell me I was crazy if I told them I would become a senator, much less could become president of the United States. ” Though his campaign ended in abrupt and unexpected defeat, Sanders has pushed the Democratic Party to the left and helped remake American politics—as Rabin-Havt suggests, he has done more to shape our history than anyone else who has not reached the White House. Revelatory and heartfelt, *The Fighting Soul* depicts the rare politician motivated by principle, not power.

Read Book Bernie Sanders In His Own Words 250 Quotes From Americas Political Revolutionary

Senator Bernie Sanders outlines his career and political ideals. The book includes an autobiographical sketch of his early life, a discussion of his 2016 campaign for the Democratic presidential nomination, and a summary of his views on important national issues. Sanders believes that the wealthy control government institutions and the national media to their own advantage, and that a popular electoral revolution is needed to rein in corruption and give working people jobs, opportunities, and a decent standard of living including equitable access to quality health care and education. Sanders was born in Brooklyn, New York, to working-class parents. His older brother Larry taught him a love of reading. Sanders was the first one in his family to attend an elite university when he went to the University of Chicago. There he read progressive publications, educated himself about political concerns, and ... PLEASE NOTE: This is a Summary, Analysis & Review of the book and NOT the original book. Missionary. Radical. Hippy. Revolutionary. Red Mayor. Pragmatist. Socialist. Hot from the campaign trail, this vivid new biography goes inside Bernie Sanders's contradictions, his unusual life, and his electrifying quest to make the American dream a reality for all. He may be 'the least political person in politics', but he doubtless is the rising star of the Democratic party. With reporting from inside the campaign and Sanders' inner circle, as well as meticulous research, reporter Harry Jaffe offers an engaging portrait of this outsider candidate.

The alliance involving Russia, China, Cuba, and Iran is responsible for the resurrection of the ideology of communism across the globe. Under the guise of democratic socialism, an aggressive campaign is underway inside the United States, to incrementally move America in the same direction. The passionate advocates of democratic socialism include some of the key leaders of the Democratic Party. The underlayment of the ideology of communism is international solidarity. America is not immune from its reach. Democratic leaders view the Resistance movement of the 1970's as one of America's revolutions. They view the Resistance movement of today as its political equivalent. The Weather Underground and Black Panther Party recognized that the overthrow of America's Constitutional Republic would result in a temporary period of socialism-followed by communism. Communism went dormant after the collapse of the former Soviet Union. But years of rule by Vladimir Putin and his worldwide mischief-making, have brought it back to life. Venezuela's rule by so-called socialist Hugo Chavez was bolstered by international solidarity with sympathetic Americans and elected officials who viewed him as another in a long line of benevolent revolutionaries, in the image of Fidel Castro of Cuba. The Venezuelan experiment in democratic socialism was the talk of the liberal elite in America-until it wasn't. The consolidation of power by China's Xi Jinping, China's positions on Taiwan, its aggressive stance on continued economic freedom in Hong Kong, and a resurgence of China's relationship with Cuba and South America are intended to further its global ambitions. The development of relationships with the ayatollahs who rule Iran proves the importance of international solidarity in furthering the ideology of communism. Russia, China, Cuba, and Iran are the modern version of President Ronald Reagan's "axis of evil," from the 1980s. They are looking to establish a home base inside the United States. Communism, Marxism, globalism, have resurrected and reinvented themselves in the pursuit of absolute power. Just like the 1980's, America is the primary target. The spreading of the deceptive message of democratic socialism to a generation that never faced communism and doesn't understand its insidious nature goes unabated.

Read Book Bernie Sanders In His Own Words 250 Quotes From Americas Political Revolutionary

This book connects the past to the present. It offers a plan to protect America's future. The information in it is from real people who stood on the front lines of the Cold War. They were real actors in the 1980's "decade of the spy", and understand the inner workings of Russian, Chinese, Cuban and Iranian espionage in America. 7. This book presents the evidence showing the penetration of the Democratic Party by political revolutionaries promoting democratic socialism, as a cover for the ideology of communism. The proof lies in their own words.
