Our Bible Fun Factory Lesson Plans are "the essentials". The lessons that every single Christian child between 4-12 needs to be taught. In this series of five lessons, we focus on Moses as he grows into a man of God. We first meet Moses as a young man, who like many of us, lacks confidence to do the things God tells him to do. We learn through his early years how to follow God's voice. When God uses Moses to part the Red Sea, we see that God is capable of anything. Finally, as God gives Moses the Ten Commandments, we see that God has established right from wrong, and we should keep his commandments in our hearts. These lessons bring students closer to God by watching Him create miracles and show us His nature. Lesson 1: Moses and the Burning Bush Lesson 2: Following God's Voice Lesson 3: Moses and the Red Sea Lesson 4: Bread from Heaven Lesson 5: Moses Gets the Ten Commandments We have 3 core beliefs when we create Bible Lesson Plans: 1) They should be EASY for the teacher

to teach. 2) They should be FUN for the child. 3) They should actually TEACH the child bedrock principles of the Christian Faith and the Bible.

----- Each of the Lessons Include: -Materials List (Don't worry, nearly everything can be gathered up at a moments notice from your own house. For example, you might need to grab a big spoon) -Complete Lesson (Including our much loved "teaching script" that tells you exactly what to say!) -Scripture Reading (we put the scripture reading in the lesson, to make it easy!) -2 Games (Kids LOVE games, each game teaches an important element of the overall lesson and lets the kids get up out of their seat and move around. Typically one game is geared to young children 4-7 and another for the 8-12 year olds) -2 Intro Activities (These activities get the kids engaged in the lesson and help to fill the time as kids trickle in.) -2 Lesson Activities (These activities vary from object lessons, crafts, treasure hunts, and more) -Closing Prayer (Our closing prayers are each designed to leave the kids with a positive message and reminder of the lesson).

----- Class Length: The lessons are designed to run for one hour, but can easily be expanded to cover more time if needed. Age Level: The lessons include age-appropriate activities, discussion, and questions for children ages 4-12. Equally effective with mixed age groups or single age classes. Prep Time: Each lesson was designed to be taught after only 5-10 minutes of prep time. You don't need to go around collecting craft materials or spending an hour before class getting organized. You can literally "glance & go". Denomination: Our lessons can be used by churches of all denominations, as the topics covered are truly the foundation of Christian faith. In addition, any Bible translation can be used.

Mount Sinai. For many, it is the most sacred place on Earth—the site where God descended to give Moses the Ten Commandments. Yet for centuries, mankind has not known its exact location. In this heart-pounding true story, award-winning journalist and bestselling author Howard Blum tells the enthralling account of two modern-day adventurers—Larry Williams, a two-time Republican candidate for the U.S. Senate from Montana and a self-made millionaire, and his friend Bob Cornuke, a retired policeman and former SWAT team member. Lured by the prospect of finding the fabled fortune in gold that the ancient Hebrews took with them when they fled from Egypt, the two men set out to find the true site of Mount Sinai—with only the Old Testament as a guide. Eminent biblical scholars at Harvard and the University of Pennsylvania have argued that Mount Sinai is not in the Sinai Peninsula at all, but rather in northwestern Saudi Arabia. However, they were never allowed into the kingdom to prove their argument. When Cornuke and Williams are also denied entry, they daringly sneak into Saudi Arabia. And what they discover at the mountain known as Jabal al Lawz will astonish the world—and inspire readers to rethink the role of the Bible in history. They find the remains of the stone altar at which the Golden Calf was worshiped, the twelve pillars that Moses ordered to be erected, the cave where Moses slept, and, most sensationally, the unnaturally scorched spot on the mountaintop where God gave Moses the two stone tablets. They also explain, in a fascinating account, the truth about the parting of the Red Sea waters. And not the least of their discoveries is the fact that one of the most sacred spots on earth is now a top secret Saudi military base. As these two adventurers follow in Moses' footsteps, they become pawns in a dangerous game of international power politics and intrigue. This action-packed tale—part high-tech treasure hunt, part modern-day spy thriller, and part biblical detective

story—is riveting. And it is all true.

In this groundbreaking work that sets apart fact and legend, authors Finkelstein and Silberman use significant archeological discoveries to provide historical information about biblical Israel and its neighbors. In this iconoclastic and provocative work, leading scholars Israel Finkelstein and Neil Asher Silberman draw on recent archaeological research to present a dramatically revised portrait of ancient Israel and its neighbors. They argue that crucial evidence (or a telling lack of evidence) at digs in Israel, Egypt, Jordan, and Lebanon suggests that many of the most famous stories in the Bible—the wanderings of the patriarchs, the Exodus from Egypt, Joshua’s conquest of Canaan, and David and Solomon’s vast empire—reflect the world of the later authors rather than actual historical facts. Challenging the fundamentalist readings of the scriptures and marshaling the latest archaeological evidence to support its new vision of ancient Israel, *The Bible Unearthed* offers a fascinating and controversial perspective on when and why the Bible was written and why it possesses such great spiritual and emotional power today.

Ernst Bloch is perhaps best known for his subtle and imaginative investigation of utopias and utopianism, but his work also provides a comprehensive and insightful analysis of western culture, politics and society. Yet, because he has not been one of easiest of writers to read his full contribution has not been widely acknowledged. Block developed a complex conceptual framework, and presented this in a prose style which many have found to verge on the impenetrable. In this critical and accessible introduction to one of the most fascinating thinkers of the twentieth century, Vincent Geoghegan unravels much of the mystery of the man and his ideas.

other educational settings. Featured verses will include: “In the beginning God created the heavens and the earth.” (Genesis 1:1) “Thy word is a lamp unto my feet, and a light unto my path.” (Psalm 119:105) “Honor thy father and thy mother.” (Exodus 20:12)

The book that inspired the major History Channel special *God Code* shows there is more to the Bible than meets the eye—messages from God hidden for ages, now revealed by modern computer technology. In *God Code*, antiquities expert Timothy P. Smith reveals his decades-long quest to understand the complex messages he discovered in an ancient Hebrew manuscript of the Bible. This painstaking search involves adventure and mystery, but instead of consulting ancient maps to find buried treasure, Smith relied on the data calculation power of modern technology. His quest shows how Scripture is more amazing than we ever dreamed—and that it may even reveal the future of generations living today. *God Code* reveals:

- An encrypted code in Genesis, in the oldest known Hebrew text of the Old Testament, that predicted the birth and resurrection of Jesus.
- Scientific evidence that this encrypted code was authored by the divine hand of God.
- Signs that there are more encrypted codes in this same Hebrew text that will lead to additional messages from God to humanity.
- Hidden clues that may lead to the location of long-missing sacred artifacts, such as the Ark of the Covenant.
- Insights on why Smith was chosen to uncover this encrypted code.
- A dire warning that God wants us to hear—and heed.

In the companion History Channel series, the author travels across continents in search of artifacts missing since Bible times—clues to their location revealed in *God Code*. Previously published as *The Chamberlain Key*

The book of Exodus records the pivotal events in the formation of biblical Israel—the deliverance from slavery, the leadership of Moses, the wilderness wanderings, and the giving of the Law at Mount Sinai. Bible scholar Nahum Sarna, whose widely praised *Understanding Genesis* has become a standard text, examines and illuminates the distinctiveness of the Exodus narrative in light of ancient Near Eastern history and contemporaneous cultures—Egyptian, Assyrian, Canaanite, and Babylonian. In a new foreword to this edition, Sarna takes up the debate over whether the exodus from Egypt really happened, clarifying the arguments on both sides and drawing us back to the uniqueness and enduring significance of biblical text.

Give kids the big picture of God’s story with this innovative, interactive Bible storybook. It includes 145 stories with fresh new four-color illustrations, and a “Christ Connection” feature showing kids how God’s plan for salvation through Jesus appears throughout the Bible.
