editors and writers. What is the singular form of graffiti? From what mythological figure is the word “tantalize” derived? One of the English language’s most skilled writers guides us all toward precise, mistake-free usage. Set against the cultural and political backdrop of interwar Europe and the Americas, *Poetry in Pieces* is the first major study of the Peruvian poet César Vallejo (1892–1938) to appear in English in more than thirty years. Vallejo lived and wrote in two distinct settings—Peru and Paris—which were continually crisscrossed by new developments in aesthetics, politics, and practices of everyday life; his poetry and prose therefore need to be read in connection with modernity in all its forms and spaces. Michelle Clayton combines close readings of Vallejo's writings with cultural, historical, and theoretical analysis, connecting Vallejo—and Latin American poetry—to the broader panorama of international modernism and the avant-garde, and to writers and artists such as Rainer Maria Rilke, James Joyce, Georges

This intellectual portrait of Romain Rolland (1866-1944)--French novelist, musicologist, dramatist, and Nobel prizewinner in 1915--focuses on his experiments with political commitment against the backdrop of European history between the two world wars. Best known as a biographer of Beethoven and for his novel, Jean-Christophe, Rolland was one of those nonconforming writers who perceived a crisis of bourgeois society in Europe before the Great War, and who consciously worked to discredit and reshape that society in the interwar

period. Analyzing Rolland's itinerary of engaged stands, David James Fisher clarifies aspects of European cultural history and helps decipher the ambiguities at the heart of all forms of intellectual engagement. Moving from text to context, Fisher organizes the book around a series of debates--Rolland's public and private collisions over specific committed stands--introducing the reader to the polemical style of French intellectual discourse and offering insight into what it means to be a responsible intellectual. Fisher presents Rolland's private ruminations, extensive research, and reexamination of the function and style of the French man of letters. He observes that Rolland experimented with five styles of commitment: oceanic mysticism linked to progressive, democratic politics;

free thinking linked to antiwar dissent; pacifism and, ultimately, Gandhism; antifacism linked to anti-imperialism, antiracism, and all-out political resistance to fascism; and, most controversially, fellow traveling as a form of socialist humanism and the positive side of antifascism. Fisher views Rolland's engagement historically and critically, showing that engaged intellectuals of that time were neither naive propagandists nor dupes of political parties. David James Fisher makes a case for the committed writer and hopes to re-ignite the debate about commitment. For him, Romain Rolland sums up engagement in a striking, dialectical formula:
