Offers coverage of each important step in engineering cost control process, from project justification to life-cycle costs. The book describes cost control systems and shows how to apply the principles of value engineering. It explains estimating methodology and the estimation of engineering, engineering equipment, and construction and labour costs

Packed with the suspenseful storytelling that has made Lisa Gardner a #1 New York Times bestselling author, this thrilling short story reveals new insights into beloved series heroine D.D. Warren... In her seventh month of pregnancy, Boston Detective D.D. Warren should be taking it easy. Instead, she accepts a small consulting role on the set of a serial killer film shooting in Boston. D.D. figures she'll be useful to someone for at least one night, serving as a police expert and making a little extra money in the bargain.It seems like a simple task-until the previous film consultant, a former Boston cop, is found beaten to death. Suddenly D.D.'s date with Hollywood gets serious. Extremely pregnant, on the trail of a killer, and surrounded by a hundred and four murder suspects in the middle of a graveyard, D.D. must quickly unravel a tangled web of lies. As another cast member is attacked, D.D. realizes that like it or not, her priorities have changed-and her last desperate hope is that she can catch a killer before she and her unborn baby face mortal danger.

The Cupcake Club comes to Katie's defense when a surprise at school leads to unfair gossip. When Katie's mom says it's time for Katie to meet her new boyfriend, Katie is excited and nervous. She thinks she's prepared, but she's shocked instead. Her mom's boyfriend is Jeff Green-as in Mr. Green, a math teacher in her grade! Katie tries to act as normal as possible, but when mean girl Olivia finds out, she tells everyone that Katie is getting special treatment because her mom is dating a teacher. How can Katie stop Olivia and deal with all the new events in her life? It's the Cupcake Club to the rescue, as Katie's friends come to her defense, including an unexpected ally.

Once again Bree finds the courage to win in a story that builds on the first two books of the Viking Quest series. In this novel, Bree arrives in Norway and is sent to work as a slave for the family of Mikkel, her Viking captor. She struggles to adjust, feeling worthless and disrespected, and wondering why God wants her in Norway. Her prayers are answered when she is given the opportunity to teach Mikkel's grandparents to read using an illuminated Bible stolen from an Irish monastery.

\*\*Highlighting the practical side of real-life project execution, this massive reference stresses project management as an independent profession--detailing the varied applications where project management is used and examining the numerous and diverse project management responsibilities and tools.

This popular work sheds lights on Taoism, China's great indigenous religion during this vibrant and glorious period of Chinese history. Without these insights, we can have only limited understanding of an important aspect of China's social, political, and of course, religious life.

This reference provides reliable piping estimating data including installation of pneumatic mechanical instrumentation used in monitoring various process systems. This new edition has been expanded and updated to include installation of pneumatic mechanical instrumentation, which is used in monitoring various process systems.
