criminal justice, reflect both classic studies of the criminal court system and state-of-the-art research, and often have a policy perspective that makes them more applied, less theoretical, and more interesting to both undergraduate and graduate students.

Victimology: The Essentials, Second Edition, is a comprehensive yet concise core textbook that explores the effects of victimization in the United States and internationally, with an emphasis on vulnerable populations. Drawing from the most up-to-date research, this accessible, student-friendly text provides an overview of the field of victimology, with a focus on the scope, causes, and responses to victimization today. Renowned author and researcher Leah E. Daigle expertly relays the history and development of the field of victimology, the extent to which people are victimized and why, and how the criminal justice system and other social services interact with victims and with each other. The highly anticipated Second Edition features contemporary issues such as stalking, hate crimes, human trafficking, terrorism, and more.

Part of the SAGE Text/Reader Series in Criminology and Criminal Justice, this book provides an overview of the field of policing, including a collection of carefully selected classic and contemporary articles that have previously appeared in leading journals, along with original material in a mini-chapter format that contextualizes the concepts. It provides strong coverage on the basics of policing plus current and relevant topics such as female, gay and lesbian, and racial/ethnic minorities officers, policing issues in both rural and urban settings, police misconduct, accountability and ethics, and more.

incorporates contemporary and classic readings (some including policy implications) accompanied by student-friendly authored text. This unique format provides a theoretical framework and context for students. The comprehensive coverage of the book includes the history and theories of female offending, offenders and their crimes, processing and sentencing of female offenders, women in prison, women and victimization, women and work in the criminal justice system, juveniles and crime, and international crime. Race and diversity will be an underlying theme throughout the text.

Written by three nationally recognized experts in the field, *Criminal Courts: A Contemporary Perspective* explores all the fundamental topics (court structure, courtroom actors, and the trial and appeals process) as well as other ground-breaking topics, such as specialty courts and comparative court systems. This bestseller provides you with a foundation for understanding key concepts by reviewing the judicial function, the role and purpose of law, sources of law, the various types of law, and the American court system's structure and operations. You will build on this foundation by learning about participants in the system and the pretrial, trial, and post-trial processes. Packed with contemporary examples and new pedagogical tools, the Fourth Edition has been thoroughly revised with the most up-to-date content and resources to give you a more comprehensive understanding of the criminal courts system.

Integrating the theoretically-framed, empirically-supported content of a traditional textbook and an edited reader into a single volume, this text/reader exposes readers to original primary works (26 readings) in the field of organization and management while providing them with a comprehensive review of the field. *Organizational Theory and Behavior in Criminal Justice: A Text/Reader*, by Matthew J. Giiblin, covers the field's core foundational theories and works, as well as contemporary

theories and cutting-edge research. Demonstrating that organizations matter and that the study of organizations has far-reaching utility, the book applies broader organization and management principles to a wide range of key entities including police, courts, and corrections, as well as drug traffickers, sex offender treatment providers, and homeland security agencies. Each of these organizations has a criminal justice nexus and is discussed alongside the major components of the criminal justice system. From organizational theory to managing a criminal justice organization, this book is a must-read for anyone pursuing a career in criminal justice administration.

How are sentences for Federal, State, and Local crimes determined in the United States? Is this process fairly and justly applied to all concerned? How have reforms affected the process over the last 25 years? This text for advanced undergraduate students in criminal justice programs seeks to answer these questions.

Corrections: A Text/Reader, Second Edition is designed for undergraduate and/or graduate corrections courses. Organized like a traditional corrections text, it offers brief authored introductions in a mini-chapter format for each key Section, followed by carefully selected and edited original articles by leading scholars. This hybrid format – ensuring coverage of important material while emphasizing the significance of contemporary research - offers an excellent alternative which recognizes the impact and importance of new directions and policy in this field, and how these advances are determined by research.

examines how racial and ethnic groups intersect with the U.S. criminal justice system. Award winning authors Shaun L. Gabbidon and Helen Taylor Greene provide students with the latest data and research on White, Black, Hispanic/Latino, Asian-American, and Native American intersections with the criminal justice system. Rich with several timely topics such as biosocial theory, violent victimizations, police bias, and immigration policing, the Fourth Edition continues to investigate modern-day issues relevant to understanding race/ethnicity and crime in the United States. A thought-provoking discussion of contemporary issues is uniquely balanced with an historical context to offer students a panoramic perspective on race and crime. Accessible and reader friendly, this comprehensive text shows students how race and ethnicity have mattered and continue to matter in the administration of justice.

A concise and comprehensive introduction to the law of evidence, *Criminal Evidence* takes an active learning approach to help readers apply evidence law to real-life cases. Bestselling author Matthew Lippman, a professor of criminal law and criminal procedure for over 25 years, creates an engaging and accessible experience for students from a public policy perspective through a multitude of contemporary examples and factual case scenarios that illustrate the application of the law of evidence. Highlighting the theme of a balancing of interests in the law of evidence, readers are asked to apply a more critical examination of the use of evidence in the judicial system. The structure of the criminal justice system and coverage of the criminal investigative process is also introduced to readers.
