The user-friendly authentic God for the independent believer... 'Book of the Authentic', is a self-improvement, self-validating spiritual book for the independent believer. If you are a person, who values honesty and is willing to apply that trait to knowing 'the real deal about God,' then you will love this read. Let's face it, today most folks no longer view spiritual matters the same way their parents or grandparents did. Spirituality and what God means to people and how they identify with him, has changed. Millions also no longer actively take part in the religion they were raised in. The question is why? What happened? Are people running from something or to something? I found it to be the latter. Most people are in their own way, running to something. It is something that by instinct they perceive to be better. That 'better' is a kinder more user-friendly God than what they were raised to have. The ramification of such an action through the years, by millions of people, has been powerful

enough to begin changing how the world believes and how they envision God personally and that phenomenon keeps evolving. As I wrote this book I began to call this new sought after kinder more user-friendly God, the Authentic God. Digging for the full disclosure of this God spanned several years of my life and challenged me to the core. In the end my questions were answered, I found true peace, and I have fully embraced becoming a free and independent believer. It is my wish you will find this writing deeply inspiring, spiritually liberating and perhaps even life changing. Thanks for reading it.

Toss in lust for a rival gang leader and a dangerous attraction to Bump's ruthless enforcer, and Chess begins to wonder if the rush is really worth it. Hell, yeah.
