Mammals has become a classic of modern natural history. This paperback edition makes Kingdon's remarkable artistic and scientific achievement—his hundreds of drawings and perceptive study of all the mammals in East Africa's species-rich fauna—available to the wide audience it deserves. Volume IIIB celebrates the large

# Read Free East African Mammals An Atlas Of

mammals for which the African plains are so famous—elephants, rhinos, zebras, bushpigs, and warthogs, hippopotamuses, camels, chevrotains, giraffes. Kingdon brings his artist's eye to such puzzles as the zebra's stripes and the giraffe's spots, making original observations throughout the seven volumes about the evolutionary

Read Free East African Mammals An Atlas Of Evolution In Africa Volume 3 Part D Bovids and functional significance of coat color, facial expressions, and curious forms and markings. The beauty of the animals, so vivid in these incomparable drawings, is made more poignant by the acknowledgment of their increasingly endangered status. Kingdon discusses the inevitable problems posed by large
