This definitive Australian reference guide provides a unique insight into the medicinal actions of herbs, based on the latest scientific research. It contains a comprehensive Australian and New Zealand address list of organisations and practitioners.

The Most Thorough Compilation of Home Cures and Remedies Yet! Years ago, every household practiced natural healing by using what they had. Plants grow abundantly all over our roadsides, cities, and in your own backyard, and though once valued and widely used, they've fallen out of fashion over time as people forget the numerous medicinal uses at our fingertips. This book brings alternative medicine back to the forefront. Researched and written by a practicing medical herbalist and natural healer, and now with even more herbs and medicinal plants, The Big Book of Backyard Medicine is the basis for a veritable natural pharmacy that anyone can create. Featuring one hundred specific plants and their associated remedies, and fully illustrated with hundreds of color photographs, this book offers fascinating insights into the literary, historic, botanical, and global applications of common wild plants and herbs that can be used in medicines, including: Ash Chicory Dandelion Forget-me-not Gypsywort Horseradish Mint Red Poppy Thistle Wild carrot Willow And so much more! Anyone who wants to improve his or her health in a completely natural way will find this book to be an absolute must-have for his or her

Do you want to free yourself from the handcuffs of modern expensive medicine? Would you like to heal common ailments with the ancient wisdom that has been revealed by the Native Americans? Two manuscripts rolled up in one. Beautifully illustrated, and clearly presented, this bundle will take its place as your premium comprehensive handbook all the herbal remedies you need. And you'll save money in the process. It covers over 40 native American herbs and provides easy-to-follow instructions for healing 22 common ailments. It also provides notes on the interaction between these herbs and Western medicines, something that has been largely ignored in other references. Moreover, Tamaya reveals several precious remedies from the East Indian and Asiatic traditions. Before Europeans settled in North America, the indigenous people were practicing herbalism. Native Americans selected plants through keen observations of the wildlife around them. They observed animals seeking out herbs and plants when they were sick and noticed their resulting recoveries. They experimented with these herbs and plants to heal themselves. Unfortunately, this knowledge was passed down by word-of-mouth for the most part and has been almost forgotten by the present generations. Tamaya is aiming to bring their extensive understanding and healing wisdom of herbal remedies back to life. Develop a more holistic way of life and free yourself from conventional medicine.
