this is an essential document regarding international politics studies

A fresh perspective renews Karen Mingst's classic, concise text. A new chapter on international cooperation and international law presents alternatives to war. A streamlined approach to theories and levels of analysis makes concepts easier to understand and apply. Expanded coverage of cybersecurity, refugees, health, and the environment asks students to grapple with the big issues of our time. And InQuizitive—an all-new digital learning tool—helps students learn, retain, and apply key concepts.

Essentials of International Relations has long provided the clearest explanations of core concepts and theories; in its Seventh Edition, robust new "Behind the Headlines" features and engaging new chapter openers help students more easily draw connections between international relations concepts and today's political climate.

Essentials of Internatioal Relations covers the field's core concepts and offers professors the freedom to supplement their courses with additional texts from the Norton Series in World Politics. This second edition features new chapters on globalizing issues, addressing scarcity of resources, growing populations and cross-cultural ethics. An accessible and authoritative coverage, this text should provide students with the analytical tools they need for study in this dynamic field.

Essentials of International Relations is the best-selling brief text for introductory international relations courses.

A brief, teachable introduction to the core concepts and theories of international relations. The text that instructors trust has been updated and redesigned for today ' s classroom. Contemporary topics in international relations are thoroughly covered, and a new full-color design and new features get students engaged and thinking critically.

The text that instructors trust has been updated and redesigned for today 's classroom. Contemporary topics in international relations are thoroughly covered, and a new full-color design and new features get students engaged and thinking critically.

Essential Readings in World Politics introduces students to key literature on international relations—from classics in the field to contemporary debates among scholars today.

Essentials of International Relations is the best-selling brief text for introductory international relations courses.

The United Nations in the 21st Century provides a comprehensive yet accessible introduction to the United Nations, exploring the historical, institutional, and theoretical foundations of the UN. This popular text for courses on international organizations and international relations also discusses the political complexities facing the organization today. Thoroughly revised throughout, the fifth edition focuses on major trends since 2012, including changing power dynamics, increasing threats to peace and security, and the growing challenges of climate change and sustainability. It examines the proliferating public-private partnerships involving the UN and the debates over reforming the Security Council and the Secretary-General selection process. This edition also includes new case studies on peacekeeping and the use of force in the Democratic Republic of Congo and Mali, transnational terrorism and the emergence of ISIS, the Security Council's failure to act in Syria, the Syrian and global refugee/migrant crisis, and the conclusion of the Millennium Development Goals and framing of the Sustainable Development Goals.
