"I have known Michael for over twenty years. He has one of the smartest business minds I know. When he gives me advice, I pay attention, and you should, too. Automatic Wealth is full of wisdom and insight filtered by a master and brought to you in a well-written and delightful style." -John Mauldin, Editor of the bestselling book, Just One Thing: Twelve of the World's Best Investors Reveal the One Strategy You Can't Overlook "I am not usually a fan of this kind of book. One entitled Automatic Wealth made me suspicious. But I am a fan of Michael Masterson, and when I read the book, I was impressed. Masterson manages to go beyond the theory to tell you exactly how real people make real money in the real world. That, I think, is his genius. He's able to open his own eyes and see for himself what actually works. The result is original, clever, and very helpful to anyone who is serious about building wealth." -Bill Bonner, coauthor of Empire of Debt: The Rise of an Epic Financial Crisis "Michael Masterson has been a great friend of mine for over twenty years. I know for a fact that the strategy he teaches is the exact same strategy he has personally used to amass extraordinary wealth and prosperity for himself. He's reduced a normally daunting process down to six simple and unflinching steps YOU can absolutely use to vastly and rapidly increase your financial situation, often times doubling and redoubling your wealth every few years. This book will become your financial bible." -Jay Abraham, author of Getting Everything You Can Out of All You've Got: 21 Ways You Can Out-Think, Out-Perform, and Out-Earn the Competition "Michael Masterson's book is brilliant and concise, packed with breakthrough insights and unique wealth-building tips. Best of all, it's practical because it combines proven investment and financial planning advice with street-smart business and real estate secrets." -Robert Ringer, author of Action!, Looking Out for #1, and To Be or Not to Be Intimidated?

The International Bestseller "This book blew my mind. More importantly, it made financial independence seem achievable. I read Financial Freedom three times, cover-to-cover." -Lifehacker Money is unlimited. Time is not. Become financially independent as fast as possible. In 2010, 24-year old Grant Sabatier woke up to find he had \$2.26 in his bank account. Five years later, he had a net worth of over \$1.25 million, and CNBC began calling him "the Millennial Millionaire." By age 30, he had reached financial independence. Along the way he uncovered that most of the accepted wisdom about money, work, and retirement is either incorrect, incomplete, or so old-school it's obsolete. Financial Freedom is a step-by-step path to make more money in less time, so you have more time for the things you love. It challenges the accepted narrative of spending decades working a traditional 9 to 5 job, pinching pennies, and finally earning the right to retirement at age 65, and instead offers readers an alternative: forget everything you've ever learned about money so that you can actually live the life you want. Sabatier offers surprising, counter-intuitive advice on topics such as how to: * Create profitable side hustles that you can turn into passive income streams or full-time businesses * Save money without giving up what makes you happy * Negotiate more out of your employer than you thought possible * Travel the world for less * Live for free--or better yet, make money on your living situation * Create a simple, money-making portfolio that only needs minor adjustments * Think creatively--there are so many ways to make money, but we don't see them. But most importantly, Sabatier highlights that, while one's ability to make money is limitless, one's time is not. There's also a limit to how much you can save, but not to how much money you can make. No one should spend precious years working at a job they dislike or worrying about how to make ends meet. Perhaps the biggest surprise: You need less money to "retire" at age 30 than you do at age 65. Financial Freedom is not merely a laundry list of advice to follow to get rich quick--it's a practical roadmap to living life on one's

own terms, as soon as possible.
