SCCR – Book Review: Global Lockdown: Race, Gender, and ...

This module examines gender and crime in a globalised world. Several core themes inform the international exploration of crime, victimisation and justice, including 'race', class, age, sexuality, locality, economics, politics, power and discourse. The module offers students the opportunity to engage with a broad range of internationally classical and influential bodies of literature spanning feminist and critical criminology, masculinities theories, victimology, queer theory and globalisation.
