The procedure in international commercial arbitration is basically the same as in domestic arbitration. In the mid-1960s, in order to establish more uniformity in procedure and to make access to arbitration facilities more easily available, the United Nations economic commissions published new rules applying to international arbitration for Europe and Asia.

The work also investigates the extent to which the 'integrity' of arbitration principles, typical of international commercial arbitration practice, is maintained in various Asian contexts. The authors focus particularly on arbitration norms and practices as they are influenced by local juridical, cultural and linguistic factors.
