This book tackles the basics of legal reasoning in twelve chapters, including the principles of classic logic, deductive and inductive reasoning, application of the

Download Free Logic For Lawyers A Guide To Clear Legal Thinking

Socratic method to legal reasoning, and formal and material fallacies.

The substance of this book is derived from lectures presented to working paralegals as the first in a series of "foundation courses" intended to supplement their prior education and experience and to enhance their capacity to more competently handle tasks normally handled by lawyers. The course, and this book, is a condensed version of a full semester course in Aristotelian logic, tailored to the needs of people engaged in the analysis of legal issues, either as

Download Free Logic For Lawyers A Guide To Clear Legal Thinking

employee or as student. There are several primary objectives. the first is not to create logicians, but to foster the students' awareness of their own reasoning processes by discussing the importance of words, their definitions, uses and relationships, and to provide tools for testing whether conclusions are valid or invalid using formal (logical) analysis. The second broader objective is to provide a foundation for further study and use of the principles of effective communication and interpretation of communication. Another more specific objective is to show the use of the tools of

Download Free Logic For Lawyers A Guide To Clear Legal Thinking

logic in a legal context, particularly the formal analysis of case law. About the author: The author has practiced law since 1967. During his tenure as Counsel with a major financial services corporation, he was responsible for its law department's paralegals and paralegal development program. Those duties led him to develop the three foundation courses that are now available in book and digital form: Legal Logic, Legal Promise, and Legal Method.

An essential tool for our post-truth world: a witty primer on logic—and the dangers of

Download Free Logic For Lawyers A Guide To Clear Legal Thinking

illogical thinking—by a renowned Notre Dame professor Logic is synonymous with reason, judgment, sense, wisdom, and sanity. Being logical is the ability to create concise and reasoned arguments—arguments that build from given premises, using evidence, to a genuine conclusion. But mastering logical thinking also requires studying and understanding illogical thinking, both to sharpen one's own skills and to protect against incoherent, or deliberately misleading, reasoning. Elegant, pithy, and precise, Being Logical breaks logic down to its essentials through clear analysis, accessible examples, and focused

Download Free Logic For Lawyers A Guide To Clear Legal Thinking

insights. D. Q. McInerney covers the sources of illogical thinking, from naïve optimism to narrow-mindedness, before dissecting the various tactics—red herrings, diversions, and simplistic reasoning—the illogical use in place of effective reasoning. An indispensable guide to using logic to advantage in everyday life, this is a concise, crisply readable book. Written explicitly for the layperson, McInerney's *Being Logical* promises to take its place beside Strunk and White's *The Elements of Style* as a classic of lucid, invaluable advice. Praise for *Being Logical* "Highly

we so badly need it, Everybody should not only but it, but read it." –Charles Osgood

When the late Ruggero J. Aldisert wrote *Winning on Appeal* in 1992, it became an instant classic in law school classrooms and appellate law practices across the country. To celebrate the twenty-fifth anniversary of the book's release, Tessa L. Dysart and Leslie H. Southwick carry on the Aldisert tradition of revealing the "nuts and bolts" of how to prepare an effective brief with the nuanced art of a delivering a persuasive appeal to the court. Their meticulously

Download Free Logic For Lawyers A Guide To Clear Legal Thinking

rendered update is replete with dozens of interviews with leading appeals judges and practitioners—treasured guidance from a bona fide who's who of appellate advocacy in America—and escorts readers into the “wired” courtroom of the twenty-first century, where they explore the benefits and challenges of melding technology with appellate advocacy. With a Foreword penned by U.S. Supreme Court Associate Justice Samuel A. Alito, Jr., *Winning on Appeal* conveys the perfect blueprint for any lawyer who wants to win on appeal. Reviews "I argued before Judge Aldisert as a young attorney, and I learned

Download Free Logic For Lawyers A Guide To Clear Legal Thinking

from the experience of trying to hold my own in front of the former Marine. I will certainly never forget those occasions. Arguing before Judge Aldisert was the best (and therefore the most demanding) Socratic experience imaginable. Woe to the lawyer who was unprepared or, worse yet, tried to pull something on the court! But to paraphrase that famous Sinatra song, if you could make it arguing in front of Judge Aldisert, you could make it anywhere. I am very pleased that Rugi's teaching will live on after him in this new edition of *Winning on Appeal*. For new appellate advocates, this volume should

Download Free Logic For Lawyers A Guide To Clear Legal Thinking

be required reading. I wish that it had been available when I argued my first case. For more experienced attorneys, the book contains advanced tips and reminders that may serve as a corrective against the bad habits that are easy to acquire. For any attorney who wants to know how to win on appeal, this is where to look." – Samuel A. Alito, Jr., Associate Justice, U.S. Supreme Court

The LSAT (Law School Admission Test) has the reputation of being one of the hardest entrance exams given; it is a reputation well earned. We have compiled some of the hardest

Download Free Logic For Lawyers A Guide To Clear Legal Thinking

LSAT logic puzzle games, including 13 official LSAT games that tormented aspiring lawyers on recent LSAT tests. Although the purpose of this book is entertainment, it also includes a thorough discussion of the foundations of logic and the actual meanings of some common words. Think you know the meaning of the word "or," or the meaning of the word "some," or the meaning of the phrase "if..., then...." You might be surprised and intrigued by their actual definitions. This book will introduce you to numerous analytic techniques that will help you immensely, not only in solving logic puzzles, but also in

answer choice, correct and incorrect.

A noted attorney gives detailed instructions on winning arguments, emphasizing such points as learning to speak with the body, avoiding being blinding by brilliance, and recognizing the power of words as a weapon. Reprint.

Thinking Like a Writer: A Lawyer's Guide to Effective Writing and Editing gives you the specialized knowledge and techniques to draft clear and compelling legal documents, no matter how complicated the issues involved.

Download Free Logic For Lawyers A Guide To Clear Legal Thinking

In the second edition of this witty and infectious book, Madsen Pirie builds upon his guide to using - and indeed abusing - logic in order to win arguments. By including new chapters on how to win arguments in writing, in the pub, with a friend, on Facebook and in 140 characters (on Twitter), Pirie provides the complete guide to triumphing in altercations ranging from the everyday to the downright serious. He identifies with devastating examples all the most common fallacies popularly used in argument. We all like to think of ourselves as clear-headed and logical - but all readers will find in

Download Free Logic For Lawyers A Guide To Clear Legal Thinking

this book fallacies of which they themselves are guilty. The author shows you how to simultaneously strengthen your own thinking and identify the weaknesses in other people arguments. And, more mischievously, Pirie also shows how to be deliberately illogical - and get away with it. This book will make you maddeningly smart: your family, friends and opponents will all wish that you had never read it. Publisher's warning: In the wrong hands this book is dangerous. We recommend that you arm yourself with it whilst keeping out of the hands of others. Only buy this book as a gift if you are sure that you can
