As we walk through this life we find that sometimes things seem to fall into place and sometimes they seem to fall apart. It is the way of the universe and it is the way of the chakra. These points of energy that make up parts of our spirit and connect us to everything that is and everything that will be are our chakras. There are choices in life and one of the most important choices that we make may be whether to pay attention to these vital parts of who we are. Chakra is from the Sanskrit word for "wheel" or "turn" and is where we are connected to the energy that flows around us. While there are several chakras and all are very important, the third eye may be the one that can help us the most if we learn what it is and how to use it. The real thing that will surprise many people is that they already use this chakra every day. Every once in a while when we are about to make a choice and we suddenly start to lean one way for no reason at all, there is a very good possibility our third eye is not right. I invite you to learn more about the third eye chakra, which will result in a healthier and more fulfilling life!
