An examination of the meaning and effects of corruption in 18th to 20th Century history.

"Friendships, connections, family ties, trust, loyalty, obedience-this was the 'glue' that held us together." These were the principles that the greatest Mafia "Boss of Bosses," Joseph Bonanno, lived by. Born in Castellammare del Golfo, Sicily, Bonanno found his future amid the whiskey-running, riotous streets of Prohibition America in 1924, when he illegally entered the United States to pursue his dreams. By the age of only twenty-six, Bonanno became a Don. He would eventually take over the New York underworld, igniting the "Castellammarese War," one of the bloodiest Family battles ever to hit New York City... Now, in this candid and stunning memoir, Joe Bonanno-likely a model for Don Corleone in the blockbuster movie The Godfather-takes readers inside the world of the real Mafia. He reveals the inner workings of New York's Five Families-Bonanno, Gambino, Profaci, Lucchese, and Genovese-and uncovers how the Mafia not only dominated local businesses, but also influenced national politics. A fascinating glimpse into the world of crime, A Man of Honor is an unforgettable account of one of the most powerful crime figures in America's history.

Was Charles Sberna wrongly convicted of the murder of Police Officer John H.A. Wilson? Was an innocent man sent to the electric chair in 1939? What reasons could the authorities have had for refusing to consider alternatives and rushing Sberna into Sing Sing Prison's death device? 'Wrongly Executed?' provides the details and historical background of the Sberna case. The story is a complex and controversial one, involving celebrity attorneys, Mafia bosses, violent political radicals, media giants and ruthless establishment figures, all set in a period in which Americans sought stability and government-imposed order after years of political upheaval, economic depression and Prohibition Era lawlessness.

A realistic understanding of the mafia must avoid depictions both of a monolithic organization and of localized, isolated groups. Here, renowned historian Salvatore Lupo analyzes the mafia as a network of varied relationships and institutions, the result of a complex cultural and social encounter that was shaped by multiple, diverse environments.

The Mad Ones chronicles the rise and fall of the Gallo brothers, a trio of reckless young gangsters whose revolution against New York City's Mafia was inspired by Crazy Joe Gallo's forays into Greenwich Village counterculture. Crazy

Joe, Kid Blast, and Larry Gallo are steeped in legend, from Bob Dylan's eleven-minute ballad "Joey" to fictionalizations central to The Godfather trilogy and Jimmy Breslin's *The Gang That Couldn't Shoot Straight*. Called the toughest gang in the city by the NYPD, the Gallos hailed from the rough Red Hook neighborhood on the Brooklyn waterfront. As low-level Mafiosi, they were expected to serve their don quietly, but the brothers stood apart from typical gangsters with their hip style, fierce ambition, and Crazy Joe's manic idealism. Here, for the first time, is the complete story of the Gallos' war against the powerful Cosa Nostra, an epic crime saga that culminates in Crazy Joe's murder on the streets of Little Italy, where he was gunned down mid-bite into a forkful of spaghetti in 1972. *The Mad Ones* is a wildly satisfying entertainment and a significant work of cultural history.
