She later migrated her entertainment career into behind the scenes technical operations in television broadcasting, post production and animation. That was until one day while managing a video-on-demand control room arguing over the picture quality of a movie she had an epiphany; why was she doing that which would only keep people on the couch? She wanted people to get off the couch and go exercise and she realized her own career certainly wasn't helping. After careful review of the challenges involved she gave up her 23 year entertainment career and re-certified her pedigrees with International Sports Sciences
