The essential guide to launching a successful career in trading-updated for today's turbulent markets "Mastering the Trade is an excellent source for a basic understanding of market action, be it day and/or longer-term trend trading. A programmer will have a field day with the many ideas that are in this book. It is highly recommended." -John Hill, president of Futures Truth magazine "John Carter's new book focuses quickly on the critical area of trader psychology, a realm that will often separate the trader from his wallet if it is not mastered first. The in-depth trading strategies clearly show how to respond to market moves based on real-world examples." -Price Headley, founder of BigTrends.com and author of Big Trends in Trading "Well written and packed with the kind of insight about the nature of trading and the markets that can surely benefit every level of trader." -Mark Douglas, author of Trading in the Zone and The Disciplined Trader "This is a must read for all new traders, specifically for the psychological aspect of trading. I am recommending it to all of my clients." -Carolyn Boroden, FibonacciQueen.com About the Book: When it was first published in 2005, Mastering the Trade became an instant classic in the world of day trading. Now, veteran day trader and educator John F. Carter has updated his time-proven swing trading technique to help you succeed in an environment vastly transformed by volatility and technology. Universally acclaimed for its sophisticated yet easy-to-execute methods, this practical, results-driven guide provides everything you need to make a lucrative career as a day trader-from preparing yourself psychologically for the unique demands of day trading to timing the market, managing risk, and planning future trades. Mastering the Trade sets aside timeless basics and rehased ideas to examine in detail the underlying factors that cause prices to move. Providing the tools you need to make the right decisions at the right times, it helps you enter market shifts early and either pull out before losses accrue or hang on for a long and refreshingly predictable ride. Mastering the Trade covers: the five psychological truths that will transform you from a mistake-prone novice into a savvy trading professional Exact entry, exit, and stop-loss levels for the intraday trading of stocks, options, ETFs, e-mini futures, 30-year bonds, currencies, and more Seven key internals, from STICKS to five-minute volume-critical for gauging pending market direction from the opening bell Premarket checklists for analyzing recent market behavior and calculating on each trading day what you plan to do, how you plan to do it, and why Airtight risk control techniques for protecting trading capital-the most important component of a professional trading career After spending many years on various trading desks, Carter has developed an intuitive understanding of how the markets work. In Mastering the Trade, he gives you unlimited access to everything the markets have taught him-so you can make an exceptional living on the frontlines of professional trading.

Praise for Big Trends In Trading "Price combines the sciences of contrarian investing, technical analysis, and option valuation in a straightforward, easy-to-understand manner. He has always been well known for his thorough and accurate research, and he shows why in Big Trends in Trading. Serious traders will benefit from reading this book." -Lawrence G. McMillan, President of McMillan Analysis Corp. "Price Headley takes a dynamic view of such popular indicators as sentiment and volatility because he knows that the markets are not static but are always changing, and he shows you how to change with them. In addition, he tests the majority of his work and shows the success rates. A rare combination, and a must read for new and experienced traders alike." -Thom Hartle, President of Market Analytics, Inc. (www.thomhartle.com) "This book should prove to be valuable reading for all technically oriented traders and investors. By emphasizing the 'big trends,' Headley stresses the importance of concentrating only in the most profitable situations-and tells you how to find them. I personally like his choice of technical indicators-and his unique way of using them. I also like his coverage of money management and the mental aspect of trading-which are just as important as the trading system employed-but too often neglected. All in all, an outstanding piece of work." -John Murphy, author of Intermarket Technical Analysis, The Visual Investor, and Technical Analysis of the Financial Markets, and President of MurphyMorris, Inc.

A thorough guide to technical analysis methods applied for success in the options market Though still not widely practiced or accepted in the options market, technical analysis is becoming increasingly common. As the practice spreads, traders are discovering how useful technical analysis is for determining clear entry and exit signals. Trading Options: Using Technical Analysis to Design Winning Trades takes the standard technical analysis approach and applies it to the options market. Author Greg Harmon combines technical analysis with a deep understanding of the options market to explain how to design technically created trades that lead to outsized gains with low costs of entry and managed risk. The book covers trend determination, security identification and selection, tools and trade design, and executing, hedging, and adjusting trades. Ideal for individual investors and options traders Identifies and applies mainstream technical analysis methods to the volatile options market Perfect for stock traders that wish to delve in to technical analysis and options trading by the founder of Dragonfly Capital Management, which provides daily technical analysis of securities markets and trade ideas, and CIO of Presidium Capital Management which provides money management for clients

THE SMARTEST TRADES. THE HOTTEST MARKETS. THE ONLY BOOK YOU NEED. You don't have to be a professional trader to win big in the stock market. That's what Anne-Marie Baiynd learned when she changed her career from neuroscience researcher to full-time momentum trader. Now, with her popular website and this brilliant new book, she teaches other traders how to master the market using her proven combination of analytics and psychology. The Trading Book shows you how to: Master the power of technical trading increase profits using probabilities and pattern recognition Focus on precision trading for consistent results discover the benefits of waves and Fibs Embrace the habits of highly effective traders This one-of-a-kind guide goes beyond the numbers and statistics to show you the complex psychology behind the trades-from the greatest gains to the hardest losses. You'll discover how other traders deal with making counterintuitive decisions; how to use technical indicators to identify the momentum and direction of the markets; and how to achieve your long-term financial goals through discipline, dedication, and endurance. Filled with insightful case studies, interviews, exercises, and guidelines for keeping a personal trading journal, this is more than a crash course for beginners or an industry guide for experts. This is the book on trading. Praise for The Trading Book: "Anne-Marie is an amazing trader who loves to share ideas. She knows it makes her smarter and so sharing is not really giving away anything. Anne Marie can explain complex trading ideas in a digestible manner, and any level of trader or investor will benefit from this book." -Howard Lindzon, cofounder and CEO of StockTwits and author of the StockTwits Edge "The Trading Book does an outstanding job of offering step-by-step explanations of trading strategies and methods. Anyone looking for a clear path to profits in the markets will find the pre-trade checklist especially helpful for staying disciplined during the trading day. The lessons on reading stock charts are some of the best I've seen and worth reading multiple times." -Tim Bourquin, Traderinterviews.com "This excellent book balances trading wisdom, psychology, common sense, and valuable strategies that you can put to work immediately. I think that the 'woman's perspective' really adds something that most trading books are missing. Read this book; trust me!" -Brian Shannon, author of Technical Analysis Using Multiple Timeframes and President of Alphatrends.net

Made famous by the Italian mathematician Leonardo De Pisa, the Fibonacci number series holds a Golden Ratio that is universally found in nature and used by architects, plastic surgeons, and many others to achieve "perfect" aesthetic proportions. Now, in this groundbreaking guide, noted technical trading advisor Carolyn Boroden shows you how Fibonacci pattern studies can be used as an extremely effective method for achieving greater profitability in stocks, futures, and Forex markets. Fibonacci Trading provides a one-stop resource of reliable tools and clear explanations for both identifying and taking advantage of the trade setups naturally occurring in the markets that will enable you to reach the highest rate of profitable trades. Inside, you'll find a unique trading methodology based on Fibonacci ratios, and the author's personal experience analyzing and setting up the markets in real time, which makes this practical volume invaluable to the self-directed investor. Complete with detailed charts and insightful graphics in each chapter, Fibonacci Trading features: Dependable guidance for determining important support and resistance levels, along with expert advice for using them to maximize profits and limit losses Step-by-step processes for using Fibonacci analysis to predict turning points in the market far enough in advance to generate substantial profit Valuable tips for using Fibonacci analysis to establish optimal stop-loss placement Revealing coverage on how Fibonacci relationships can create a roadmap for the trader based on high percentage patterns Fibonacci Trading also provides a four-step formula for applying the covered techniques in a highly effective approach. Flexible enough for all markets and trading styles, the formula helps you focus your newly developed knowledge and skill sets into a solid trading methodology, defined trading plan, successful trading mindset, and disciplined trading approach that stacks the odds for profit in your favor. This hands-on guide is packed with a wealth of actual trading situations, setups, and scenarios that bring the four-step formula to life so you can immediately use it in the real world.

Tennis is the second biggest sport for in-play turnover in the betting markets. It offers fantastic potential for educated, professional traders to achieve high levels of profits. Mastering Tennis Trading gives you the tools to take a calm, strategic approach to tennis trading - in contrast to the emotional, impulsive trading style of many - and this will give you an edge in the markets. You will learn tennis trading strategies for the in-play markets on the online betting exchanges - the largest of which are Betfair and Betdaq. The strategies presented will open your eyes to the possibilities in the in-play tennis markets and help you to add statistically-proven techniques to your trading armoury. This will give you a professional, organised trading script and prevent you from taking a haphazard, impulsive and purely gambling trading approach. Strategies featured include: - Backing the favourite when losing - Backing the server - Laying bad servers - Tiebreak trading - At the end of the first set - And many more! Guidance is given on basic areas such as a trading set-up and how to avoid technological issues, through to more advanced subjects such as assessing which trading strategies work best and which entry points provide the best risk/reward ratios, as well as avoiding specific danger points which will help to eradicate costly losses. There are also statistics, compiled over many hours, that reveal high-odds trading opportunities. With the help of Dan Weston, you will be able to improve your tennis enough to earn you a part-time income, or to eventually allow you to turn full-time once you have gained enough experience. You'll soon be on course to master tennis trading.
