No. The Windows client licenses granted through the Microsoft Partner Network are upgrade licenses only. To apply these usage licenses to computers within your environment, each of the computers must have a preexisting, qualifying operating system license (that is, a license for Windows XP Professional, Windows Vista Business, Windows 7 Professional, or Windows 8 Pro).

Microsoft Partner Network software licensing benefits FAQ  
Microsoft Services Provider License Agreement (SPLA) is for service providers and ISVs who want to license eligible Microsoft products to host software services and applications to end customers. SPLA provides the license rights to host specific Microsoft products monthly for a three-year term, as outlined in the Microsoft Service Provider Use Rights (SPUR) with pricing based on use rights.
