his playground. By the best-selling author of *The Humbling* and *The Plot Against America*. 100,000 first printing.

The long-awaited final volume of Chalmers Johnson's bestselling *Blowback* trilogy confronts the overreaching of the American empire and the threat it poses to the republic. In his prophetic book *Blowback*, Chalmers Johnson linked the CIA's clandestine activities abroad to disaster at home. In *The Sorrows of Empire*, he explored the ways in which the growth of American militarism and the garrisoning of the planet have jeopardized our stability. Now, in *Nemesis*, he shows how imperial overstretch is undermining the republic itself, both economically and politically. Delving into new areas—from plans to militarize outer space to Constitution-breaking presidential activities at home and the devastating corruption of a toothless Congress—*Nemesis* offers a striking description of the trap into which the dreams of America's leaders have taken us. Drawing comparisons to empires past, Johnson explores in vivid detail just what the unintended consequences of our dependence on a permanent war economy are likely to be. What does it mean when a nation's main intelligence organization becomes the president's secret army? Or when the globe's sole "hyperpower," no longer capable of paying for the vaulting ambitions of its leaders, becomes the greatest hyper-debtor of all

## Online Library Nemesis

times? In his stunning conclusion, Johnson suggests that financial bankruptcy could herald the breakdown of constitutional government in America—a crisis that may ultimately prove to be the only path to a renewed nation.

“A totally new and original work that stretches his talents to their fullest . . . welcome back, champ!”—The Detroit News In the twenty-third century pioneers have escaped the crowded earth for life in self-sustaining orbital colonies. One of the colonies, Rotor, has broken away from the solar system to create its own renegade utopia around an unknown red star two light-years from Earth: a star named Nemesis. Now a fifteen-year-old Rotorian girl has learned of the dire threat that nemesis poses to Earth’s people—but she is prevented from warning them. Soon she will realize that Nemesis endangers Rotor as well. And so it will be up to her alone to save both Earth and Rotor as—drawn inexorably by Nemesis, the death star—they hurtle toward certain disaster.

Orphan Black meets Lord of the Flies in this riveting new thriller from the co-author of the Virals series. It's been happening since Min was eight. Every two years, on her birthday, a strange man finds her and murders her in cold blood. But hours later, she wakes up in a

clearing just outside her tiny Idaho hometown—alone, unhurt, and with all evidence of the horrifying crime erased. Across the valley, Noah just wants to be like everyone else. But he's not. Nightmares of murder and death plague him, though he does his best to hide the signs. But when the world around him begins to spiral toward panic and destruction, Noah discovers that people have been lying to him his whole life. Everything changes in an eye blink. For the planet has a bigger problem. The Anvil, an enormous asteroid threatening all life on Earth, leaves little room for two troubled teens. Yet on her sixteenth birthday, as she cowers in her bedroom, hoping not to die for the fifth time, Min has had enough. She vows to discover what is happening in Fire Lake and uncovers a lifetime of lies: a vast conspiracy involving the sixty-four students of her sophomore class, one that may be even more sinister than the murders.

Terwijl in 1944 zijn vrienden in Europa vechten, krijgt een in Amerika achtergebleven, voor het leger afgekeurde sportleraar te maken met een polio-epidemie.

A masterful account of the assassins who hunted down the perpetrators

## Online Library Nemesis

of the Armenian Genocide In 1921, a tightly knit band of killers set out to avenge the deaths of almost one million victims of the Armenian Genocide. They were a humble bunch: an accountant, a life insurance salesman, a newspaper editor, an engineering student, and a diplomat. Together they formed one of the most effective assassination squads in history. They named their operation *Nemesis*, after the Greek goddess of retribution. The assassins were survivors, men defined by the massive tragedy that had devastated their people. With operatives on three continents, the *Nemesis* team killed six major Turkish leaders in Berlin, Constantinople, Tiflis, and Rome, only to disband and suddenly disappear. The story of this secret operation has never been fully told, until now. Eric Bogosian goes beyond simply telling the story of this cadre of Armenian assassins by setting the killings in the context of Ottoman and Armenian history, as well as showing in vivid color the era's history, rife with political fighting and massacres. Casting fresh light on one of the great crimes of the twentieth century and one of history's most remarkable acts of vengeance, Bogosian draws upon years of research and newly uncovered evidence. Operation *Nemesis* is the result--both a riveting read and a profound examination of evil, revenge, and the costs of violence.
