Night Shift (short story collection) - Wikipedia
Night Shift was Stephen King's first short story collection, released back in 1978. This is often hailed as his best short story collection ever. Stephen King and I both turn the dreaded age of 70 years old this year! If that is not scary enough I decided to plunge into a reading of many of King's classic novels and short stories. Night Shift is the first of his story collections . It was published in 1976. The tales hold up well and will be read well into the future. Among the stories:
