Document Title: User's Manual for the GPS Orion-S/-HD Receiver 3.2.4
Aiding for LEO Satellites The Orion-S receiver provides a dedicated aiding mode to support the GPS signal acquisition onboard a low Earth orbiting (LEO) satellite. Similar to the HD receiver, it uses a coarse approximation of the nominal trajectory to forecast the visible GPS satellites and the expected line-of-sight ...

We make GPS work for you, to help
you get the answers you need without
having to think about it. We find the
complicated stories hiding in your fleet
data. And we find the reasons why
issues are happening. We don't
simply show you a report of accidents.
Instead, we tell you which drivers on
your team need attention. And once
we find the problems, we help you
