developed as a tool to aid families in navigating the many questions that arise from the diagnosis and treatment of childhood glaucoma or cataract. Each chapter is presented in a question-and-answer format, with images that make certain concepts and processes easier to understand. In addition to basic information about glaucoma and cataracts, topics addressed include doctor visits, medications, treatment options, eye surgery, contact lenses and glasses, low vision, genetics and heredity, related conditions, such as amblyopia (lazy eye) and strabismus, social, educational, and other nonmedical concerns, and definitions of common terms used by medical professionals serving patients with glaucoma or
