A self-playing piano is a standard acoustic piano that plays itself. Wirelessly operated from an iPad or other mobile device, you simply choose your song, hit play and sit back and enjoy as the piano comes alive! The keys perfectly recreate every nuance of the original artist, with a concealed sound system providing the full live music experience as your piano plays along with the singer and accompanying band.

[The Piano That Plays Itself | Edelweiss Self-Playing Pianos](#)

Self Playing Piano Musical instruments that play themselves dates back over a century. There have been musical boxes, automated mechanical church bells and even the fairground barrel organ. These instruments have proved to be extremely popular since the early 1900s in spite of the invention of the phonograph; or gramophone.
