Raising Freethinkers is a practical, hands-on book with great advice for raising non-religious children. I like that it's broken up into ages, so each activity is marked with a certain age range that it's best with. That has helped me make sure that I'm not jumping ahead with all these ideas when my kid is still learning to walk.

Belief, Dale McGowan, published on February 2009. Collects guidelines and advice for secular parenting, providing tips and strategies for addressing such issues as death, sexuality, morality, and religion while encouraging children to think for themselves.

Foreword by Michael Shermer, Ph.D. Contributors include Penn Jillette, Julia Sweeney, and Dr. Donald B. Ardell This is an abridged edition of the print classic. It does not include essays by Richard Dawkins or Stephen Law. Please consult the print edition for these essays. It's hard enough to live a secular life in a religious world. And bringing up children without religious influence can be even more daunting. Despite the difficulties, a large and growing number of parents are choosing to raise their kids without religion. In Parenting Beyond Belief, Dale McGowan celebrates the freedom that comes with raising kids without formal indoctrination and advises parents on the

most effective way to raise freethinking children. With advice from educators, doctors, psychologists, and philosophers as well as wisdom from everyday parents, the book offers tips and insights on a variety of topics, from "mixed marriages" to coping with death and loss, and from morality and ethics to dealing with holidays. Sensitive and timely, Parenting Beyond Belief features reflections from such freethinkers as Mark Twain, Bertrand Russell, and wellness guru Dr. Don Ardell that will empower every parent to raise both caring and independent children without constraints.

The easy way to understand atheism and secular philosophy For people seeking a non-religious philosophy of life, as well as believers with atheist friends, Atheism For Dummies offers an intelligent exploration of the historical and moral case for atheism. Often wildly

Americans who lack a belief in God Parenting Without God is for parents who lack belief in a god and who are seeking guidance on raising freethinkers in a Christian-dominated nation. It will help parents give their children the tools to stand up to attempts at religious proselytization, whether by teachers, coaches, friends, or even other family members. It also offers advice on teaching children to question what others tell them and to reach their own conclusions based on evidence and reason. Above all, the book argues that parents should lead by example—both by speaking candidly about the importance of secularism and by living an openly secular life.

(STARRED REVIEW) A step-by-step guide to raising confident, open-minded kids in an age of religious intolerance. Relax, It's Just God offers parents fresh, practical and honest ways to address issues of God and faith with children while promoting curiosity and kindness, and successfully fending off indoctrination. A rapidly growing demographic cohort in America, secular parents are at the forefront of a major and unprecedented cultural shift. Unable to fall back on what they were taught as children, many of these parents are struggling, or simply failing, to address issues of God, religion and faith with their children in ways that promote honesty, curiosity, kindness and independence. The author sifts through hard data, including the results of a survey of 1,000 nonreligious parents, and delivers gentle but straightforward advice to both non-believers and open-minded believers. With a thoughtful voice infused with humor, Russell

seamlessly merges scientific thought, scholarly research and everyday experience with respect for a full range of ways to view the world.

"Relax, It's Just God" goes beyond the numbers to assist parents (and grandparents) who may be struggling to find the right time place, tone and language with which to talk about God, spirituality and organized religion. It encourages parents to promote religious literacy and understanding and to support kids as they explore religion on their own -- ensuring that each child makes up his or her own mind about what to believe (or not believe) and extends love and respect to those who may not agree with them. Subjects covered include:

- Talking openly about our beliefs without indoctrinating kids
- Making religious literacy fun and engaging
- Talking about death without the comforts of heaven
- Navigating religious differences with extended family members
- What to do when kids get threatened with hell

This revealing, disturbing, and thoroughly researched book exposes a dark side of faith that most Americans do not know exists or have ignored for a long time—religious child maltreatment. After speaking with dozens of victims, perpetrators, and experts, and reviewing a myriad of court cases and studies, the author explains how religious child maltreatment happens. She then takes an in-depth look at the many forms of child maltreatment found in religious contexts, including biblically-prescribed corporal punishment and beliefs about the necessity of "breaking the wills" of children; scaring kids into faith and other types of emotional maltreatment such as spurning, isolating, and withholding love; pedophilic abuse by religious authorities and the failure of religious organizations to support the victims and punish the perpetrators; and religiously-motivated medical neglect in cases of

serious health problems. In a concluding chapter, Heimlich raises questions about children's rights and proposes changes in societal attitudes and improved legislation to protect children from harm.

While fully acknowledging that religion can be a source of great comfort, strength, and inspiration to many young people, Heimlich makes a compelling case that, regardless of one's religious or secular orientation, maltreatment of children under the cloak of religion can never be justified and should not be tolerated.

Selected by Publishers Weekly as one of the Best Books of 1999, *The Good Son* is the definitive guide to the moral and emotional development of our boys and young men. Within its pages, Michael Gurian widely credited as the founder of today's "boys movement" takes readers through a complete parenting program, showing how to

instill virtues in boys at each stage of life. For parents and teachers who fear that our child-rearing systems have lost much of their ethical underpinnings and that our boys are becoming emotionally closed-off, *The Good Son* serves as a welcome guidepost. It is one of today's premier books on parenting and male development.

This captivating book affirms a child's ability to think, to seek information, and to question why? Children should be given information, not dogma, and tools for critical thought, not holy books, asserts Dan Barker. *Maybe Right, Maybe Wrong* teaches children important humanistic ideas. Andrea, the book's main character, distinguishes between rules and principles, finds that there is not always a right thing to do, and realizes that sometimes the right thing is to choose the lesser wrong. Her most important insight: Regardless of

Through Andrea, Barker painlessly teaches situation ethics to children. Maybe Right, Maybe Wrong doesn't speak down to kids, but uses simple language and fun illustrations to make a tough topic understandable. . . develop a sustainable rhythm of gospel-centered discipleship through a guided framework focusing on moments of discipleship in 3 key areas: time (intentional time gathering your family around gospel activities or conversations), moments (leveraging opportunities throughout the day), and milestones (celebrating significant life events). Each section provides parents with Scriptures to consider, questions to answer, structures to implement, and ideas to try out as they seek to see Christ formed in their children. Here is a book that begins with the end in mind, offering ideas and examples of what gospel-centered family discipleship looks like, helping parents design their own discipleship plan as they seek to raise children in the love and fear of the Lord.
