pastor--find peace, hope, and a second chance they never dreamed was possible"--

After a year of grieving her divorce and living a life permanently stuck on pause, Laila Richardson is finally ready to have her own happy ending. Then a listing for a quaint cottage in another town answers her prayers for a fresh beginning—one that will bring her closer to her new boyfriend, Ben. Unfortunately, in her small town of Fairfield, Georgia, letting go of the past is virtually impossible. No one wants to see her move on, including the man who destroyed her heart to begin with. Chad Richardson has spent years in misery but finally has his life on somewhat stable ground. When he learns his ex-wife is dating, he knows it's time to go back and fight for the life he abandoned. Bolstered by his newfound sobriety, Chad has every intention of winning back the woman he loves, even if that means facing old demons that are waiting for him to fail. Passions run deep as two souls searching for a second chance find the courage to let go of old patterns. Can they recognize that their dreams are still possible, even when forged from a broken past?

1684, Scottish Highlands It's become abundantly clear to Scarlet Worthington that England no longer can offer her anything good. With few other options, she flees to the wilds of Scotland to help her sister, who has created a place where women learn to protect themselves. There is something special about the Highlands. It could be the lush rolling hills, the clean air, the feeling of doing something good... or maybe it's the fierce Campbell warrior she's recruited to help. Aiden Campbell has spent months recovering from burns he sustained in a fire set by English soldiers. Finally, he's healed enough to take temporary command of his clan. Between the fire and his own ghosts, there is no love lost between him and the English. So why does he say yes when the new Englishwoman in town asks for his help? And why does she have the power to distract him so much? When Scarlet's past stalks her all the way to Scotland, her nightmares become real and the things Aiden has taught her are put to the test. And as Aiden fights the heat of passion that grows between them, a different kind of wildfire threatens everything. Each book in The Campbells series is STANDALONE: * The Scottish Rogue * The Savage Highlander * The Wicked Viscount * The Highland Outlaw
