Stanislavsky on the Art of the Stage | Faber & Faber

Stanislavsky and the Art of the Actor Stanislavsky started his theatrical life as an actor in Moscow in the late 1880's. Like many European actors of his era, he struggled with trying to create realistic and moving performances but he also wrestled with how to achieve this consistently.

A Matter of Style: Stanislavsky and the Art of the Actor

The " art of representation " (Russian: представление, romanized : predstavlenie) is a critical term used by the seminal Russian theatre practitioner Konstantin Stanislavski to describe a method of acting. It comes from his acting manual An Actor Prepares (1936).

Art of representation - Wikipedia

Stanislavsky regarded the theatre as an art of social significance. Theatre was a powerful influence on people, he believed, and the actor must serve as the people's educator. Stanislavsky concluded that only a permanent theatrical company could ensure a high level of acting skill.

Konstantin Stanislavsky | Biography, Method, & Facts ...

The Stanislavsky system requires that an actor utilize, among other things, his emotional memory (i.e., his recall of past experiences and emotions). The actor's entrance onto the stage is considered to be not a beginning of the action or of his life as the character but a continuation of the set of preceding circumstances.

From the Introduction: The theory of acting, as evolved by Stanislavsky in his famous 'system', is not based on reasoning, as many of his critics assert, so much as on experience. It is the result of a lifetime devoted to the art of the stage, of years of experiment as actor and producer, and of a feeling of dissatisfaction with what passes for 'success' both among actors and audiences. While certain general principles of acting had been laid down by a number of famous actors and playwrights, these, Stanislavsky found, had never been reduced to a system with the result that teachers of acting have nothing on which to base their teaching, since 'inspiration' on which the theoreticians of the stage put so much stress, cannot be taught, nor can it be expected to materialize itself just when the actor needs it. Neither can producers be relied on to assist the actor in capturing this elusive 'inspiration'. 'Producers,' Stanislavsky writes, 'explain very cleverly what sort of result they want to get; they are only interested in the final result. They criticize and tell the actor what he should not do, but they do not tell him how to achieve the required result. The producer,' Stanislavsky adds, 'can do a great deal, but he cannot do everything by any means. For the main thing is in the hands of the actor, who must be helped and instructed first of all'.

Konstantin Stanislavski was a Russian director who transformed theatre in the West with his contributions to the birth of Realist theatre and his unprecedented approach to teaching acting. He lived through extraordinary times and his unique contribution to the arts still endures in the twenty-first century. He established the Moscow Art Theatre in 1898 with, among other plays, the premiere of Chekhov's *The Seagull*. He also survived revolutions, lost his fortune, found wide fame in America, and lived in internal exile under Stalin's Soviet Union. Before writing his classic manual on acting, Stanislavski began writing an autobiography that he hoped would both chronicle his rich and tumultuous life and serve as a justification of his aesthetic philosophy. But when the project grew to 'impossible' lengths, his publisher (Little, Brown) insisted on many cuts and changes to keep it to its deadline and to a manageable length. The result was a version published in English in 1924, which Stanislavski hated and completely revised for a Soviet edition that came out in 1926. Now, for the first time, translator Jean Benedetti brings us Stanislavski's complete unabridged autobiography as the author himself wanted it – from the re-edited 1926 version. The text, in clear and lively English, is supplemented by a wealth of photos and illustrations, many previously unpublished.
