In Conquerors' Pride, Timothy Zahn, Hugo Award-winning author of the New York Times bestselling Star Wars(r) trilogy, unfurled an epic tale of drama and courage as the interstellar Commonwealth faced savage invasion by alien starships of unknown origin. Now he probes deeply into the world of the invaders themselves in one of the most powerful evocations of an alien society ever created. The Zhirrh have won a temporary respite in their war with the barbarians. But the Human captive Pheyln Cavanaugh has escaped, and for that Thrr-gilag, the young Searcher, finds himself disgraced, his bond-engagement to a female of a rival clan imperilled. Soon he becomes a target of hidden and powerful forces seeking to remake Zhirrh society in their own merciless image. His only hope is to prove that the overclan authorities are wrong: that it was not the Humans who started the war. But time is short. The forces of the Zhirrh are overextended and face swift retaliation. The Zhirrh have learned to conquer death itself -- but even that awesome power will be no match for the devastating might of the Human Conqueror armadas. Thrr-gilag soon comes to realize that his people face a two-fold threat: destruction by Human technology. . . or destruction from within.
