A pair of well-grown active studio monitors of 1,000 watts, made for larger studios where it is not enough with a couple of small dwarf monitors. But Genelec also wants to meet the needs of technicians looking for a pair of near-field monitors with deeper bass and greater dynamic surplus than those found in the smallest speakers.

Review: Genelec 1032C Studio Monitors - ProSoundNetwork.com Genelec ' s choice for vented, or reflex, enclosures dates back to the S30 model, the first Genelec product from 1978. Port performance has been improved and refined over the years with the aim to increase the woofer ' s low frequency extension and sound pressure level capability to ...

Studio Review Genelec

Genelec states that while the two speakers have a combined area roughly equivalent to that of a 10" woofer, their positioning gives them the directivity of a 15" woofer. The Ones were first introduced in 2014, and several of the original models have been previously reviewed in our pages.

M030 Studio Monitor – Genelec.com

At the smallest end of the Genelec 8000 bi-amplified monitor series is the 8010A. Though relatively light (1.5kg each), the 8010As are solid thanks to the die-cast aluminium enclosure, with metal driver grilles to prevent damage in transit. Portability is key, with power and input sockets neatly tucked in at the rear.

Genelec 8010A review | MusicRadar

The Genelec 8050 Studio Monitor is the modern classic 2-Way 8-inch studio monitor. Having inspired numerous copies from it's predecessor, the 1031A, Genelec sought to produce a better and more perfect monitor built to utilize the best construction techniques available as well as put several new cutting edge developments from Genelec to work.

Genelec 8050B Studio Monitors | FrontEndAudio.com

Genelec 8331 vs 8341 for a small home studio I have a small home studio in a professionally treated room. The room is 5.3m long, 4.1m wide with 2.6m tall ceiling, it has music equipment inside (drums, guitar cabinets, etc...) so it's not a strictly mixing room.

Genelec 8331 vs 8341 for a small home studio – Gearslutz

Stand Loudspeaker Reviews Genelec Studio Monitor 1031A loudspeaker & Studio Monitor 1092A powered subwoofer Page 2 I installed a pair of the 1031As on 28" stands in my 16' by 20' main audio/video room, with the speakers and listening seat at the corners of an equilateral triangle.
