4EAT Solenoids (Valve Body) Questions | ClubWRX Forum
The 4EAT transmission (Figure 1) used in Subaru vehicles has been out on the road in many parts of the world as early as 1987 to as late as 2012. Throughout those years, the transmission has been through many significant changes. The first main change occurred in 1998 where the 2-4 brake band with replaced with a 2-4 clutch pack (Figure 2).
