When South African conservationist Lawrence Anthony was asked to accept a herd of "rogue" wild elephants on his Thula Thula game reserve in Zululand, his common sense told him to refuse. But he was the herd's last chance of survival: they would be killed if he wouldn't take them. In order to save their lives, Anthony took them in. In the years that followed he became a part of their family. And as he battled to create a bond with the elephants, he came to realize that they had a great deal to teach him about life, loyalty, and freedom. The Elephant Whisperer is a heartwarming, exciting, funny, and sometimes sad account of Anthony's experiences with these huge yet sympathetic creatures. Set against the background of life on an African game reserve, with unforgettable characters and exotic wildlife, it is a delightful book that will appeal to animal lovers and adventurous souls everywhere.

When Lawrence Anthony was asked to accept a rogue herd of elephants in his reserve in South Africa, it was the last chance for these elephants. If Anthony didn't take them, they would be shot. But he had no experience with elephants at all. What was he to do? Take them on, of course! What follows is an exciting and heartwarming series of adventures, in which Anthony learns about elephants and becomes part of their family. Full of both triumph and tragedy, this fascinating account of living with the majestic elephant is unforgettable.

Lawrence Anthony devoted his life to animal conservation, protecting the world's endangered species. Then he was asked to accept a herd of "rogue" wild elephants on his Thula Thula game reserve in Zululand. His common sense told him to refuse, but he was the herd's last chance of survival: they would be killed if he wouldn't take them. In order to save their lives, Anthony took them in. In the years that followed he became a part of their family. And as he battled to create a bond with the elephants, he came to realize that they had a great deal to teach him about life, loyalty, and freedom. The Elephant Whisperer is a heartwarming, exciting, funny, and sometimes sad memoir of Anthony's experiences with these huge yet sympathetic creatures. Set against the background of life on an African game reserve, with unforgettable characters and exotic wildlife, Anthony's unrelenting efforts at animal protection and his remarkable connection with nature will inspire animal lovers and adventurous souls everywhere.

With unforgettable characters and exotic wildlife, The Elephant Whisperer is an enthralling book that will appeal to animal lovers and adventurous souls everywhere. When South African conservationist Lawrence Anthony was asked to accept a herd of 'rogue' elephants on his Thula Thula game reserve in Zululand, his common sense told him to refuse. But he was the herd's last chance of survival — dangerous and unpredictable, they would be killed if Anthony wouldn't take them in. As Anthony risked his life to create a bond with the troubled elephants and persuade them to stay on his reserve, he came to realize what a special family they were, from the wise matriarch Nana, who guided the herd, to her warrior sister Frankie, always

ready to see off any threat, and their children who fought so hard to survive.

THE INTERNATIONAL BESTSELLER "Malby-Anthony offers a book of great inspiration and wide appeal to nature-loving readers." —Publishers Weekly A heart-warming sequel to the international bestseller *The Elephant Whisperer*, by Lawrence Anthony's wife Françoise Malby-Anthony. A chic Parisienne, Françoise never expected to find herself living on a South African game reserve. But then she fell in love with conservationist Lawrence Anthony and everything changed. After Lawrence's death, Françoise faced the daunting responsibility of running Thula Thula without him. Poachers attacked their rhinos, their security team wouldn't take orders from a woman and the authorities were threatening to cull their beloved elephant family. On top of that, the herd's feisty new matriarch Frankie didn't like her. In this heart-warming and moving book, Françoise describes how she fought to protect the herd and to make her dream of building a wildlife rescue center a reality. She found herself caring for a lost baby elephant who turned up at her house, and offering refuge to traumatized orphaned rhinos, and a hippo called Charlie who was scared of water. As she learned to trust herself, she discovered she'd had Frankie wrong all along. Filled with extraordinary animals and the humans who dedicate their lives to saving them, *An Elephant in My Kitchen* is a captivating and gripping read.

The astonishing story of the soldiers, conservationists, and ordinary Iraqis who united to save the animals of the Baghdad Zoo When the Iraq war began, conservationist Lawrence Anthony could think of only one thing: the fate of the Baghdad Zoo, caught in the crossfire at the heart of the city. Once Anthony entered Iraq he discovered that hostilities and uncontrolled looting had devastated the zoo and its animals. Working with members of the zoo staff and a few compassionate U.S. soldiers, he defended the zoo, bartered for food on war-torn streets, and scoured bombed palaces for desperately needed supplies. *Babylon's Ark* chronicles Anthony's hair-raising efforts to save a pride of Saddam's lions, close a deplorable black-market zoo, run ostriches through shoot-to-kill checkpoints, and rescue the dictator's personal herd of Thoroughbred Arabian horses. A tale of the selfless courage and humanity of a few men and women living dangerously for all the right reasons, *Babylon's Ark* is an inspiring and uplifting true-life adventure of individuals on both sides working together for the sake of magnificent wildlife caught in a war zone.

Another extraordinary story of life on a South African game reserve from the authors of *The Elephant Whisperer*. Lawrence Anthony's South African game reserve is home to many animals he has saved, from a remarkable herd of elephants to a badly behaved bushbaby called George. Described as "the Indiana Jones of conservation", when one of his rhinos was brutally slaughtered for her horn, he didn't hesitate to lead an armed response against the poachers. Then he learned that there were only a handful of northern white rhinos left in the wild, living in an area of the Congo controlled by the infamous Lord's Resistance Army and soon to be hunted into extinction. Lawrence knew he had to take action. What followed was an extraordinary adventure, as he headed into the jungle to negotiate with the rebels, while battling to save his own animals from terrible drought and to save the eyesight of his beloved elephant matriarch Nana. *The Last Rhinos* is peopled with unforgettable characters, both human and animal, and is a sometimes funny, sometimes moving, always exciting read.

"J.H. "Billy" Williams always had an affinity for animals. So, when he responded to job offer with the East India Company to work with logging elephants his family wasn't surprised, though worried that he had already come back from World War I in one piece, would he be so lucky with India? Not only did he find his calling with the elephants in India, Billy and his elephants became war heroes. At the onset of World War II, Williams formed Elephant Company and was instrumental in defeating the Japanese in Burma and saving refugees, including on his own "Hannibal Trek." Billy Williams became a media sensation during the war, telling reporters that the elephants did more for him than he was ever able to do for them, but his story has since been forgotten. Part biography, part war story, and part wildlife adventure, Croke delivers an utterly charming narrative and an important, little-known piece of the legacy of World War II"--

Audisee® eBooks with Audio combine professional narration and sentence highlighting to engage reluctant readers! On a hot day in the African savannah, a group of elephants searches for food. While foraging they often lose sight of one another. Yet at the end of the day, in one coordinated movement, the elephants suddenly regroup. This coordinated movement—and others like it—has puzzled scientists and caused them to question how elephants communicate with each other. Since the 1990s, scientists have gathered significant data on elephant “talk.” Biologists have determined that elephants use a complex system of communication of at least ten distinct sounds, combined in many variations. Researchers are now asking: what do these sounds mean? As scientists study the elephant sounds that humans can hear, they are also identifying ways elephants communicate through nonverbal behaviors and making sounds too low for human ears. Scientists have realized that elephants even receive messages by using their sensitive feet to feel vibrations in the ground. All of these discoveries are helping elephant researchers better understand elephant behavior. But the elephant’s time as a wild animal is running out. Threatened by habitat loss and illegally hunted for their ivory tusks, elephants are on the brink of extinction. Will understanding elephant talk be the key to saving the species?

Spanning several decades and three continents, Modoc is one of the most amazing true animal stories ever told. Raised together in a small German circus town, a boy and an elephant formed a bond that would last their entire lives, and would be tested time and again; through a near-fatal shipwreck in the Indian Ocean, an apprenticeship with the legendary Mahout elephant trainers in the Indian teak forests, and their eventual rise to circus stardom in 1940s New York City. Modoc is a captivating true story of loyalty, friendship, and high adventure, to be treasured by animal lovers everywhere.
