old gardening traditions,
plus enough humor to keep
them 'digging' through the
ups and downs of gardening
in any yard."--Publisher's
description.

Now all gardeners living in
the Mid-Atlantic can unlock
the secrets to successful
gardening in their region,
thanks to this informative,
fully illustrated handbook!
Mid-Atlantic Gardener's
Handbook has everything a
gardener needs for
successful planting and
growing in the Mid-Atlantic
region--all contained in one
easy-to-reference book.
Comprehensive to the core,
this book is different from

Get Free The Garden Guy Seasonal Guide To Organic

other gardening guidebooks because it's written exclusively for gardeners who live in Delaware, Maryland, New Jersey, New York, Pennsylvania, Virginia, West Virginia, or Washington, D.C. Subjects covered include plant selection and when-to gardening maintenance information. Planting and growing information for edibles is also included, along with plant selections for the most common plant categories. As an important component in the CSP Gardener's Handbook series, this an all-inclusive gardener's reference book offers plant information as

well as the critical when-to-do-it information.

Additionally, the book

covers ornamental landscape

and edible plants, as well

as monthly when-to tips. It

is the undisputed handbook

for gardening in the Mid-

Atlantic. Some chapters

include: Introduction to

Gardening Annuals Perennials

& Ornamental Grasses Bulbs,

Corms, Tubers and Rhizomes

Herbs & Vegetables

Groundcovers Lawn Grasses

Shrubs Trees Vines

There are many other sources

that tell you what garden

tasks to do each month. But

this guide teaches you how

the workings of the Earth,

Get Free The Garden Guy Seasonal Guide To Organic

Moon, Sun, and stars affect your garden. Learn how to use the rhythms of the Earth, the phases of the Moon, the position of the Sun, and the seasonal stars to guide you into becoming a better gardener in tune with nature. After reading this guide you will create your own seasonal gardening calendar using the natural signs of the Earth. You will know when not to prune, how to have a simple compost pile, how to harden off step-by-step, the importance of chilling hours for some plants, planting by the phases of the Moon, the different types of annuals and when to plant them. You

Get Free The Garden Guy Seasonal Guide To Organic

will learn why you must be careful adding Nitrogen to the soil. Also included is a four-season guide to caring for your garden and a resource guide of top quality information. This guide explains concepts that beginning gardeners are often baffled about. Learn how to organize your garden tasks and keep records, how to find info on understanding the land you garden in, and recommended tools to take the guesswork out of watering, frost dates, and soil pH.

This extensively revised and expanded edition broadens the reach and depth of the
