The Genius of Japanese Carpentry tells the story of the 1200-year-old Yakushiji monastery in Nara and the dedicated modern-day craftsmen who are working to restore what has been lost to the depredations of time, fire and warfare. Although the full monastery reconstruction will not be completed until 2030, one of the primary temples, the Picture Hall, has been wholly restored employing the same woodworking technology used to create the original building.

The Genius of Japanese C. Over a thousand years ago in Nara, Japan, anonymous carpenters erected a number of temples and pagodas for a newly founded Buddhist monastery known as Yakushiji. Not only is one of those pagodas still standing today, but also surviving are the dedication to quality and the technical skill of its builders as seen in the work of modern-day craftsmen.
