The Portrait

~~Course: Principles,
practice, and ...~~

Portraiture is considered one of the most versatile and ever-changing practices of photography. A portrait is an image that not only captures the essence of your subject, but should display and project

File Type PDF

The Portrait

a feeling, emotion and understanding of your vision to your audience. The best way to grow as a portrait photographer is to continually shoot, experiment with different styles and understand the basics of what makes an image visually appealing.
