The Second Curve reads less like the self-indulgent reflections of a comfortably-off octogenarian than the bracing manifesto of a forward-looking radical. For instance, Handy gently but forcefully...

Review: ' The Second Curve ' by Charles Handy | Financial Times

In ' The Second Curve ' Charles Handy (doyen of management thinking for the last 40 years) shows how the ' Sigmoid Curve ' provides a useful metaphor for thinking about initiating change in our lives (as well as in our businesses and society), at the point when everything appears to be still going well (i.e. on the up-curve of our past creativity) rather than waiting for evidence of decline before acting.

Charles Handy ' s second curve and how organisations are ...

The Second Curve. While the pandemic curve is flattened so that hospitals can still function, a second curve can have a terrible peak. That is the economic wasteland ahead. The BBC notes " It can take a long time for the tide to go out – possibly years. It is clear the current strategy of shutting down large parts of society is not sustainable in the long-term.
