Wedge pillows are special pillows that lift the top half of your body while you sleep. If you have health issues like acid reflux or sleep apnea, they just may be your ticket to a better night's ...

## What Is a Wedge Pillow? - WebMD

Take your pitching wedge when you are 80 to 100 yards from the green. If your view of the flag stick and the green is not obstructed, play the ball in the middle of your stance. Take a full swing. Do not try to kill the ball, but don't baby it, either. To get the ball to stop, make sure you keep your head down and you finish with a high follow through.

This is why shanking a wedge shot is most common when trying to hit higher spin golf shots that you need to stop quickly on the green. To avoid shanking wedge shots, you should make sure to leave room between your arms and body by pushing your rear end back as if you were about to sit, and also let your arms hang from your shoulders as naturally as possible trying not to tension them.

When it comes to the stop loss there aren't as clear guidelines that remain specific to the rising wedge. However, a rule of thumb is to place the stop at a level which if hit signals that the setup has been disproven. Generally, you should place the stop to give the market some room to move.

## Rising Wedge Pattern: How to Trade the Rising Wedge

Choose log wedge, which has the highest loft degree of 60. Grip the wedge with the club face in a horizontal position. The ideal way to hold the wedge is the grips base. This gives greater control.
