letters. It continues to inspire millions. A narration of a summer motorcycle trip undertaken by a father and his son, *Zen and the Art of Motorcycle Maintenance* becomes a personal and philosophical odyssey into fundamental questions on how to live. The narrator's relationship with his son leads to a powerful self-reckoning; the craft of motorcycle maintenance leads to an austere beautiful process for reconciling science, religion, and humanism. Resonant with the confusions of existence, this classic is a touching and transcendent book of life. This new edition contains an interview with Pirsig and letters and documents detailing how this extraordinary book came to be.

His moments of praise were fleeting and none too consoling—still he wore the blue and silver Combat Infantryman Badge with an intense burning pride and he gloried in the record and achievements of his ‘outfit.’ His was the supreme satisfaction of a job well done. “The 104th Infantry Division did not win the war. We make no such far-reaching claim...but the Timberwolves did play a most effective role in crushing the iron fist of Nazidom. The record, compiled by the men of this fighting division, is in the
