Elizabethan Fashion at Court: The Ladies. Women's fashions ruled the day during the last Tudor's reign. With a female monarch on the throne, it wasn't surprising that the emphasis was on the female form. The shape of a woman took a radical turn in 1590 when the drum farthingale became the standard of fashion.

The Tudors Scene Maker [Historical Dress Up Game]

Sumptuary laws dictated the quality of clothes appropriate to different strata of society – to wear purple if you were not in the immediate royal family was to court disaster. Most clothes were made at home and spinning and sewing took up a good deal of time even for affluent women, although the wealthiest would employ a tailor to create their court attire.

Tudor Times | Clothing

While the altar cloth has long been associated with Parry, its origins as a high-status Tudor court dress have only recently been confirmed. The speculation regarding Elizabeth's ownership of the dress has been intensified by knowledge of Parry's close personal relationship with the Queen.

Fashion and fealty: the art of dressing Tudor royalty ...

Tudor women wore their hair long, but it was generally hidden under a headpiece of some type. Some of the rare occasions when it was acceptable for a woman to wear her hair down were on their wedding day, to show the bride's virginity, and at the coronation of a queen or queen consort – see image Queen Elizabeth below.

Tudor Women's Hair and their Headpieces – Tudors Dynasty

If you are new to fashion of the Tudor court, welcome! I hope you enjoy this book. It is a good overview of the clothing, and the history and people involved in the clothing. If you have been researching the Tudor time period of clothing for awhile, stop, do not get this book.

Tudor Fashion: Lynn, Eleri: 9780300228274: Amazon.com: Books

Although the clothes of the common man would likely not have changed too much throughout the 16 th century, the fashion at court would have changed significantly. The Henrican Tudor style (that is, during Henry VIII's reign) is recognizable for its broad shoulders and long skirting in the men's clothing, and the square neck and large turn-back sleeves on the gowns of the women.

Tudor Clothing Class

Additionally, there are many wonderful details relating to fashion, dress, culture, socioeconomic status, and activities of the Tudor period. I was really drawn into the detailed descriptions, examples, and trivia on the making and wearing of fashions, clothes and accoutrements of that period.

Tudor Fashion by Eleri Lynn - Goodreads

This book encompasses the first detailed study of male and female dress worn at the court of Henry VIII (1509-47) and covers the dress of the king and his immediate family, the royal household and the broader court circle. Henry VIII's wardrobe is set in context by a study of Henry VII's clothes, court and household.

This is a very well researched illustrated book about fashion during the Tudor time. The author begins with a brief history of the time and the rulers. All aspects of the fashion are covered. Everything from the style, fashion, construction to laundering. She also shows how fashion influenced the court, politics and the rulers.

The paperback edition of this captivating story of Tudor dress, and the people who made and wore it The Tudors are some of the best-known figures in history. They continue, even today, to spark our curiosity and imagination. Their enduring popularity is no doubt partly due to the iconic portraits in which they are depicted, in farthingales and ruffs, furs and jewels, codpieces and cloaks, and vast expanses of velvet and silk. Far from being mere decoration, fashion was pivotal in the communication of status and power. This paperback edition of Tudor Textiles presents insights into the fashions of the Tudor dynasty. Histories of Kings and Queens complement stories of unsung dressmakers, laundresses, and officials charged with maintaining and transporting the immense Tudor wardrobes from palace to palace. Evidence from rare surviving garments and textiles, original documents, fine and decorative art, and archaeological findings enhance our understanding of the Tudors and their courts. Handsomely

illustrated, this sumptuous book contextualizes Tudor dress and fills in gaps in our knowledge of the period and its fascinating historical figures.

Henry VIII used his wardrobe, and that of his family and household, as a way of expressing his wealth and magnificence. This book encompasses the first detailed study of male and female dress worn at the court of Henry VIII (1509-47) and covers the dress of the king and his immediate family, the royal household and the broader court circle. Henry VIII's wardrobe is set in context by a study of Henry VII's clothes, court and household. ~ ~ As none of Henry VIII's clothes survive, evidence is drawn primarily from the great wardrobe accounts, wardrobe warrants, and inventories, and is interpreted using evidence from narrative sources, paintings, drawings and a small selection of contemporary garments, mainly from European collections. ~ ~ Key areas for consideration include the king's personal wardrobe, how Henry VIII's queens used their clothes to define their status, the textiles provided for the pattern of royal coronations, marriages and funerals and the role of the great wardrobe, wardrobe of the robes and laundry. In addition there is information on the cut and construction of garments, materials and colours, dr given as gifts, the function of livery and the hierarchy of dress within the royal household, and the network of craftsmen working for the court. The text is accompanied by full transcripts of James Worsley's wardrobe books of 1516 and 1521 which provide a brief glimpse of the king's clothes.

A detailed study of Tudor textiles, highlighting their extravagant beauty and their impact on the royal court, fashion, and taste At the Tudor Court, textiles were ubiquitous in decor and ceremony. Tapestries, embroideries, carpets, and hangings were more highly esteemed than paintings and other forms of decorative art. Indeed, in 16th-century Europe, fine textiles were so costly that they were out of reach for average citizens, and even for many nobles. This spectacularly illustrated book tells the story of textiles during the long Tudor century, from the ascendance of Henry VII in 1485 to the death of his granddaughter Elizabeth I in 1603. It places elaborate tapestries, imported carpets, lavish embroidery, and more within the context of religious and political upheavals of the Tudor court, as well as the expanding world of global trade, including previously unstudied encounters between the New World and the Elizabethan court. Special attention is paid to the Field of the Cloth of Gold, a magnificent two-week festival—and unsurpassed display of golden textiles—held in 1520. Even half a millennium later, such extraordinary works remain Tudor society's strongest projection of wealth, taste, and ultimately power.

Monumental study of English fashions from 1485 through 1603 surveys clothing worn by all classes and includes headgear, hairstyles, jewelry, collars, footwear, and other accessories. 1,000 black-and-white figures. 24 halftones. 22 color plates.

Essential source book for reconstructing clothing 1509 to 1603.

Discover what people wore at the court during the Tudor time thanks to this historically accurate Sticker Dolly Dressing title.

The turbulent Tudor Age never fails to capture the imagination. But what was it truly like to be a woman during this era? The Tudor period conjures up images of queens and noblewomen in elaborate court dress; of palace intrigue and dramatic politics. But if you were a woman, it was also a time when death during childbirth was rife; when marriage was usually a legal contract, not a matter for love, and the education you could hope to receive was minimal at best. Yet the Tudor century was also dominated by powerful and dynamic women in a way that no era had been before. Historian Elizabeth Norton explores the life cycle of the Tudor woman, from childhood to old age, through the diverging examples of women such as Elizabeth Tudor, Henry VIII's sister; Cecily Burbage, Elizabeth's wet nurse; Mary Howard, widowed but influential at court; Elizabeth Boleyn, mother of a controversial queen; and Elizabeth Barton, a peasant girl who would be lauded as a prophetess. Their stories are interwoven with studies of topics ranging from Tudor toys to contraception to witchcraft, painting a portrait of the lives of queens and serving maids, nuns and harlots, widows and chaperones. Norton brings this vibrant period to colorful life in an evocative and insightful social history.

AS TEMPESTUOUS AS THE TUDOR MONARCHS THEMSELVES, THE SECRETS OF THE TUDOR COURT SERIES HAS BEEN CALLED "RIVETING" (BOOKLIST) AND "WELL DRAWN" (PUBLISHERS WEEKLY). Charming. Desirable. Forbidden. Brought to court with other eligible young noblewomen by the decree of King Henry VIII, lovely Elizabeth "Bess" Brooke realizes for the first time that beauty can be hazardous. Although Bess has no desire to wed the aging king, she and her family would have little choice if Henry's eye were to fall on her. And other dangers exist as well, for Bess has caught the interest of dashing courtier Will Parr. Bess finds Will's kisses as sweet as honey, but marriage between them may be impossible. Will is a divorced man, and remarriage is still prohibited. Bess and Will must hope that the king can be persuaded to issue a royal decree allowing Will to marry again . . . but to achieve their goal, the lovers will need royal favor. Amid the swirling alliances of royalty and nobles, Bess and Will perform a dangerous dance of palace intrigue and pulse-pounding passions. Brought to glowing life by the talented Kate Emerson, and seen through the eyes of a beautiful young noblewoman, *By Royal Decree* illuminates the lives of beautiful young courtiers in and out of the rich and compelling drama of the Tudor court.

Throughout history rulers have used clothes as a form of legitimization and propaganda. While palaces, pictures, and jewels might reflect the choice of a monarch's predecessors or advisers, clothes reflected the preferences of the monarch himself. Being both personal and visible, the right costume at the right time could transform and define a monarch's reputation. Many royal leaders have known this, from Louis XIV to Catherine the Great and from Napoleon I to Princess Diana. This intriguing book explores how rulers have sought to control their image through their appearance. Mansel shows how individual styles of dress throw light on the personalities of particular monarchs, on their court system, and on their ambitions. The book looks also at the economics of the costume industry, at patronage, at the etiquette involved in mourning dress, and at the act of dressing itself. Fascinating glimpses into the lives of European monarchs and contemporary potentates reveal the intimate connection between power and the way it is packaged.

A "sharp and entertaining" (The Wall Street Journal) exploration of fashion through the ages that asks what our clothing reveals about ourselves and our society. Dress codes are as old as clothing itself. For centuries, clothing has been a wearable status symbol; fashion, a weapon in struggles for social change; and dress codes, a way to maintain political control. Merchants dressing like princes and butchers'

wives wearing gem-encrusted crowns were public enemies in medieval societies structured by social hierarchy and defined by spectacle. In Tudor England, silk, velvet, and fur were reserved for the nobility, and ballooning pants called “trunk hose” could be considered a menace to good order. The Renaissance-era Florentine patriarch Cosimo de Medici captured the power of fashion and dress codes when he remarked, “One can make a gentleman from two yards of red cloth.” Dress codes evolved along with the social and political ideals of the day, but they always reflected struggles for power and status. In the 1700s, South Carolina’s “Negro Act” made it illegal for Black people to dress “above their condition.” In the 1920s, the bobbed hair and form-fitting dresses worn by free-spirited flappers were banned in workplaces throughout the United States, and in the 1940s, the baggy zoot suits favored by Black and Latino men caused riots in cities from coast to coast. Even in today’s more informal world, dress codes still determine what we wear, when we wear it—and what our clothing means. People lose their jobs for wearing braided hair, long fingernails, large earrings, beards, and tattoos or refusing to wear a suit and tie or make-up and high heels. In some cities, wearing sagging pants is a crime. And even when there are no written rules, implicit dress codes still influence opportunities and social mobility. Silicon Valley CEOs wear t-shirts and flip-flops, setting the tone for an entire industry: women wearing fashionable dresses or high heels face ridicule in the tech world, and some venture capitalists refuse to invest in any company run by someone wearing a suit. In *Dress Codes*, law professor and cultural critic Richard Thompson Ford presents a “deeply informative and entertaining” (The New York Times Book Review) history of the laws of fashion from the middle ages to the present day, a walk down history’s red carpet to uncover and examine the canons, mores, and customs of clothing—rules that we often take for granted. After reading *Dress Codes*, you’ll never think of fashion as superficial again—and getting dressed will never be the same.
