Networking for Home and Small Businesses CCNA Discovery Learning Guide Allan Reid □ Jim Lorenz Networking for Home and Small Businesses, CCNA Discovery Learning Guide is the official supplemental textbook for the Networking for Home and Small Businesses course in the Cisco® Networking Academy® CCNA® Discovery curriculum version 4. The course, the first of four in the new curriculum, teaches networking concepts by applying them to a type of network you may encounter in a home or small office. The Learning Guide, written and edited by instructors, is designed as a portable desk reference to use anytime, anywhere to reinforce the material from the course and organize your time. In addition, the book includes expanded coverage of CCENT□/CCNA exam topics. The book's features help you focus on important concepts to succeed in this course: Chapter Objectives□Review core concepts by answering the focus questions listed at the beginning of each chapter. Key Terms□Refer to the lists of networking vocabulary introduced and highlighted in context in each chapter. The Glossary defines each key term. Summary of Activities and Labs□Maximize your study time with this complete list of all associated exercises at the end of each chapter. Check Your Understanding□Evaluate your readiness with the end-of-chapter questions that match the style of questions you see in the online course quizzes. The answer key explains each answer. Challenge Questions and Activities□Apply a deeper understanding of the concepts with these challenging end-of-chapter questions and activities. The answer key explains each answer. Hands-on Labs□Master the practical, hands-on skills of the course by performing all the tasks in the course labs and additional
