Vladimir Kagan was an American furniture designer. He was inducted in the Interior Designer Hall of Fame in 2009, 62 years after he started designing and producing furniture. His Midcentury modern furniture with "Sinuous wooden frame characteristics" has a modern feel. His style, inspired by everything from antiques and nature to the Bauhaus, emphasizes comfort and functionality. He was married to the embroidery designer Erica Wilson. Together they had three children.

Films in Production - Checkerboard Film Foundation
Checkerboard Films is an not-for-profit independent documentary production company, established in 1979 to document living artists who are making important contributions to the American arts

Drawing from more than sixty years of personal and professional archives, award-winning and internationally renowned furniture designer Vladimir Kagan writes an autobiography that embodies the history of modern design in the twentieth century. Beginning with his childhood in Germany and his family's escape from Nazi power, he chronicles his rise to become one of America's most celebrated designers. Comfort, practicality, and an often-idiosyncratic modernist sensibility are the hallmarks of his enduring career, which is also noted for organic, sometimes modular, and always stylish pieces that have in the last decade experienced a major renaissance, influencing a new generation of furniture and product designers. This is the first complete compendium of Kagan's life and work, and includes dozens of never-before-published photographs and sketches.

Pointed Leaf Press is pleased to announce that we will be publishing an updated edition of The Complete Kagan: Vladimir Kagan, A Lifetime of Avant Garde Design in a larger format with exciting revisions that include Kagan's impressive new work over the last decade. Since 2004, Kagan's international reach has grown by leaps and bounds, in showrooms in France and Italy, and with commissions for high-end interiors by some of the world's leading architects and interior designers. Beginning with his childhood in Germany and his family's escape from Nazi power, Kagan chronicles his rise to become one of America's most celebrated designers. Comfort, practicality, and an often-idiosyncratic modernist sensibility are the hallmarks of his enduring career. "It is the perfect time to celebrate Vladimir Kagan's influential new work. His new custom designs are transformative and the new installations - documented in striking contemporary interiors - will make the book - the only one that documents in detail the designer's amazing career - a must-have for young and seasoned designers alike. It will also offer a sneak peek into Kagan's foray into architecture " - Suzanne Slesin, Publisher and Editorial Director, Pointed Leaf Press.

From the KGB to the Kremlin: a multidimensional portrait of the man at war with the West. Where do Vladimir Putin's ideas come from? How does he look at the outside world? What does he want, and how far is he willing to go? The great lesson of the outbreak of World War I in 1914 was the danger of misreading the statements, actions, and intentions of the adversary. Today, Vladimir Putin has become the greatest

challenge to European security and the global world order in decades. Russia's 8,000 nuclear weapons underscore the huge risks of not understanding who Putin is. Featuring five new chapters, this new edition dispels potentially dangerous misconceptions about Putin and offers a clear-eyed look at his objectives. It presents Putin as a reflection of deeply ingrained Russian ways of thinking as well as his unique personal background and experience. Praise for the first edition If you want to begin to understand Russia today, read this book. —Sir John Scarlett, former chief of the British Secret Intelligence Service (MI6) For anyone wishing to understand Russia's evolution since the breakup of the Soviet Union and its trajectory since then, the book you hold in your hand is an essential guide.—John McLaughlin, former deputy director of U.S. Central Intelligence Of the many biographies of Vladimir Putin that have appeared in recent years, this one is the most useful. —Foreign Affairs This is not just another Putin biography. It is a psychological portrait. —The Financial Times Q: Do you have time to read books? If so, which ones would you recommend? "My goodness, let's see. There's Mr. Putin, by Fiona Hill and Clifford Gaddy. Insightful." —Vice President Joseph Biden in Joe Biden: The Rolling Stone Interview.

One of the most extraordinary books ever written about chess and chessplayers, this authoritative study goes well beyond a lucid explanation of how today's chessmasters and tournament players are rated. Twenty years' research and practice produce a wealth of thought-provoking and hitherto unpublished material on the nature and development of high-level talent: Just what constitutes an "exceptional performance" at the chessboard? Can you really profit from chess lessons? What is the lifetime pattern of Grandmaster development? Where are the masters born? Does your child have master potential? The step-by-step rating system exposition should enable any reader to become an expert on it. For some it may suggest fresh approaches to performance measurement and handicapping in bowling, bridge, golf and elsewhere. 43 charts, diagrams and maps supplement the text. How and why are chessmasters statistically remarkable? How much will your rating rise if you work with the devotion of a Steinitz? At what age should study begin? What toll does age take, and when does it begin? Development of the performance data, covering hundreds of years and thousands of players, has revealed a fresh and exciting version of chess history. One of the many tables identifies 500 all-time chess greats personal data and top lifetime performance ratings. Just what does government assistance do for chess? What is the Soviet secret? What can we learn from the Icelanders? Why did the small city of Plovdiv produce three Grandmasters in only ten years? Who are the untitled dead? Did Euwe take the championship from Alekhine on a fluke? How would Fischer fare against Morphy in a ten-wins match? It was inevitable that this fascinating story be written, ' asserts FIDE President Max Euwe, who introduces the book and recognizes the major part played by ratings in today's burgeoning international activity. Although this is the definitive ratings work, with statistics alone sufficient to place it in every reference library, it was written by a gentle scientist for pleasurable reading -for the enjoyment of the truths, the questions, and the opportunities it reveals.

"One of the themes of the book is how to have a fulfilling professional life. In order to achieve this goal, Krantz discusses keeping a vigorous scholarly program going and finding new challenges, as well as dealing with the everyday tasks of research, teaching, and administration." "In short, this is a survival manual for the professional mathematician - both in academics and in industry and government agencies. It is a sequel to the author's A Mathematician's Survival Guide."--BOOK JACKET.

Chronicle covers the years 852-1116 of Russian history.

* Chateau des Fleurs is an extraordinary book on one of Bel Air s most fascinating private houses * Exclusive access to one detailed interiors of the 2-story mega mansion Chateau des Fleurs is an extraordinary book on one of the most interesting private houses built in Los Angeles in recent years. Inspired by classic chateaus in France, the Cheateau des Fleurs, which measures more than 60,000 square feet, has rooms with beautiful proportions and exquisite details. The book is a historical document for those who enthusiasts in architecture, history, and those who dream of beautiful and unusual houses. William Hefner's passion lies in residential architecture; his expertise encompasses a vast array of styles from the highly contemporary to the deeply historic. William's expertise in architecture and deep appreciation for interior design and landscape often culminates in the three merging seamlessly. By combining these three disciplines within his firm, he is able to ensure that each distinct design concept integrates with one another and that the vision of the homeowner is expressed in every aspect of the work. William earned a Bachelor of Arts degree in Art History from Lewis & Clark College in Portland, Oregon, which included a year of study in Greece. He went on to receive a Master's of Architecture from UCLA, during the influential Charles Moore's tenure.

What do all human languages have in common and in what ways are they different? How can language be used to trace different peoples and their past? Are certain languages similar because of common descent or language contact? Assuming no prior knowledge of linguistics, this textbook introduces readers to the rich diversity of human languages, familiarizing students with the variety and typology of languages around the world. Linguistic terms and concepts are explained, in the text and in the glossary, and illustrated with simple, accessible examples. Eighteen language maps and numerous language family charts enable students to place a language geographically or genealogically. A supporting website includes additional language maps and sound recordings that can be used to illustrate the peculiarities of the sound systems of various languages. "Test yourself" questions throughout the book make it easier for students to analyze data from unfamiliar languages.

The story of the former Polish-Jewish community (shtetl) of Luboml, Wotyl , Poland. Its Jewish population of some 4,000, dating back to the 14th century, was exterminated by the occupying German forces and local collaborators in October, 1942. Luboml was formerly known as Lyuboml, Volhynia, Russia and later Lyuboml, Volyns'ka, Ukraine. It was also know by its Yiddish name: Libivne.
